Memphis March 19th 1863

Maj General Hulbert
Commandant &c

Sir

F. M. Crenshaw &

A. C. Gladden, have recently been taken prisoners, and are now confined in the Irwin Block in the city of Memphis. Both of these men are citizens of Shelby County Tennessee, and the proof is abundant to show, that they were conscripted about six weeks since by the Confederate Guerillas - having concealed themselves in the woods for several days, before they were finally captured and pressed into a service hostile to that of the Government of the United States. Under such circumstances General, I am requested by the relatives of the above named parties to inquire of you, whether they can, or not be released from confinement upon their parole, and the execution of a bond, with surety, not to enter voluntarily the service of the Confederate States. Any order which you may see proper to give, in reference to these two men, will of course reach me through the ordinary channel of the Provost Marshall.

Respectfully
Your Obt Svt
J. No. F. Sale
