Genl Buckland Sir.

Some weeks ago, and just about the time you were leaving for the South you issued an order for the execution of the two negroes, Sarah alias Sarah Lamb, & Jake alias Jacob J. Glover who were charged and convicted of the murder George Redman. This order went into the hands of the proper officer too late to be executed, and the culprits are still in prison at this place, I am the attorney for young Mr. Redman in this case, and he desires me to present this matter to your consideration, and get you to issue another order I am

The Negroes are at the City Prison in charge of Capt P. M. Winters of the City Police.
