(c) From the balance of the reserve fund carried forward at June 30, 2013, there is hereby appropriated the sum of \$33,585,400 to the department for major maintenance and capital outlay purposes in the 2013-2014 fiscal year.

(d) From any remaining reserve fund balance carried forward at June 30, 2013, there is hereby appropriated a sum sufficient to the department for major maintenance and capital outlay purposes.

(e) Other appropriations made under this act to the Department of Correction, Sentencing Act of 1985, are hereby reappropriated to the department for major maintenance and capital outlay purposes.

(f) The capital outlay projects for the Department of Correction, identified on page A-155 of the 2013-2014 Budget Document, include an amount of \$10,000,000 of capital projects fund residual funds which were from the Sentencing Act of 1985 appropriation source for a previous capital improvement project expanding the Southeastern Tennessee State Regional Correctional Facility. Such residual funds hereby are reappropriated in the year beginning July 1, 2013, for the purpose of funding the Bledsoe Correctional Complex Expansion project listed on page A-155.

(g) On or before October 1, 2013, the Commissioner of Finance and Administration shall submit a detailed financial report to the Chairs of the Finance, Ways and Means Committees of the Senate and House of Representatives and to the Chairs of the State and Local Government Committee of the Senate and State Government Committee of the House of Representatives concerning all activities of the Sentencing Act of 1985 reserve account (established and maintained pursuant to TCA, § 9-4-210) during fiscal year 2012-2013. The report shall indicate the account balance on July 1, 2012, and shall itemize all funds deposited into the reserve account as well as all funds allocated from the reserve account. For each such allocation from the reserve account, the report shall describe the purpose, amount and location of the allocation as well as any other information deemed to be informative by the Commissioner.

Item 13. From the appropriation made to the Department of Economic and Community Development for capital outlay grants to the Wacker Chemie AG Plant project in Section 1, Title III-32 of Chapter 554, Public Acts of 2009, the Commissioner of Finance and Administration is authorized to approve transfers to the FastTrack Infrastructure and Job Training Assistance program in the general fund.

Item 14. Capital improvement projects recommended for higher education institutions in the 2013-2014 Budget Document on page A-156 include funding partially from institutional sources. It is the legislative intent that such projects include an institutional matching component, applicable to the first \$75 million of project costs, at the following rates by type of institution: (a) universities, 25 percent; (b) community colleges, 10 percent; (c) non-formula units, 10 percent; and (d) technology centers, 5 percent. Matching funds may include gifts, grants, institutional funds, student fees, and other non-state sources. The provisions of this item shall not apply to the project identified as Nissan Education and Training Facility in the Board of Regents projects and the UTK Steam Plant Conversion to Natural Gas at the University of Tennessee Knoxville campus.

The provisions of this paragraph are effective immediately, the public welfare requiring it. It is further the legislative intent that institutions of higher education be authorized to proceed with capital improvement projects funded in the 2012-2013 and 2013-2014 enacted capital outlay budgets by using Tennessee State School Bond Authority bonds as bridge funding for the institutional matching component, under guidelines of and subject to

approval of projects by the authority, and that such bonds as may be authorized be canceled as the matching funds are raised.

Item 15. From the funds appropriated in Public Acts of 2012, Chapter 1028, Section 1, Title III-32, Capital Outlay, to the Department of Safety for the interoperable communication system upgrade, and in Section 71(b), Item 6(B) of Chapter 1108, Public Acts of 2010, to the Department of Safety for the highway patrol communication system capital outlay project, the Commissioner of Finance and Administration is authorized to transfer sums sufficient from the capital outlay fund to the general fund or systems development fund as required.

Item 16. From the appropriation made in Section 1, Title III-32, Item 4, of Chapter 1108, Public Acts of 2010, to the Department of Intellectual and Developmental Disabilities, to provide alternative residential settings for clients and plan for the future, the Commissioner of Finance and Administration is authorized to transfer sums sufficient to the general fund to provide for other transitional costs.

SECTION 3.

Item 1. Appropriations made under Section 1, Titles III-11 and III-16, for the operation of the state regulatory boards, shall be subject to allotment by the Commissioner of Finance and Administration, and no expenditure shall be made by any said boards out of fees collected by them unless and until such allotments have been made by the Commissioner of Finance and Administration. Such allotments for the operation of said respective boards as are made by the Commissioner of Finance and Administration shall be disbursed under the provisions of Tennessee Code Annotated, Title 4, Chapter 3, Part 10 and Title 9, Chapter 4, Part 51.

The allotment hereinabove provided shall be subject to the condition that no money shall be paid therefrom for the salary of any employee of said boards unless and until such salary has been approved by the Commissioner of Human Resources. The appointment of all employees of said boards shall likewise be approved by the Commissioner of Human Resources.

Notwithstanding any provision of law to the contrary, no member of any board or commission established by law or pursuant to law, which receives an appropriation under this act, regardless of the source of funding, shall receive any compensation, whether denominated per diem or by whatever name called, except for days in which such member actually works four (4) or more hours performing duties directly relating to that board's or commission's activities, or for time or days spent attending meetings of that board or commission. The chair or head of each board or commission, the department head to which such board or commission is attached administratively, and the Commissioner of Finance and Administration, shall prescribe procedures to contain, as a minimum, a certification of time worked by each member claiming compensation.

Item 2. Except as otherwise provided in this section, the appropriations to the Wildlife Resources Agency under Section 1, Title III-6, shall be paid out of the special fund established under Tennessee Code Annotated, Title 70, Chapter 1, Part 4 and Section 69-9-203. Such appropriations shall be expended under the provisions of Tennessee Code Annotated, Title 4, Chapter 3, Part 10 and Title 9, Chapter 4, Part 51, and shall be used only for the expenses of the Wildlife Resources Agency pursuant to Tennessee Code Annotated, Title 70 and Title 69, Chapter 9, Part 2, and no part of the unexpended fund left at the end of the fiscal year shall be used for any other purpose but shall be carried over in said fund and may be expended during the next year, and all of said fees and revenues provided by Tennessee Code Annotated, Title 70 and Title 69, Chapter 9, Part 2, are herein specifically apportioned and appropriated to the use and for the benefit of the Wildlife Resources Agency to be expended under the provisions of Tennessee Code Annotated, Title 4, Chapter 3, Part 10 and Title 9, Chapter 4, Part 51. Nothing in this item shall be construed as relieving the Wildlife Resources Agency of the duty of policing littering of lakes and streams.

Item 3. The appropriation to the State Board of Law Examiners in Section 1, Title II, Item 17, shall be from funds generated by fees collected by the board under the provisions of Tennessee Code Annotated, Title 23, Chapter 1.

In case the appropriation to the board shall prove inadequate to allow the board to function efficiently, the Commissioner of Finance and Administration may make an additional allotment thereto from the general fund, the total of all allotments to the board not to exceed the revenues paid into the treasury by the board.

Item 4. The appropriation to the Department of Financial Institutions in Section 1, Title III-12, shall be derived from banking fees assessed pursuant to Tennessee Code Annotated, Title 45, Chapter 1, Part 1. No part of the unexpended fees left at the end of the fiscal year shall revert to the general fund.

DEPARTMENTAL REVENUES

SECTION 4. All departmental revenues of every kind, as hereinafter defined, collected by any department, institution, office, or agency, in the course of its operations, for its own use, are hereby appropriated to it in addition to the specific appropriations made by this act, unless otherwise provided in this act or other provision of law. Federal aid funds granted to the state for the use of or to be administered by any department, institution, or agency, are likewise appropriated. For the purpose of this section "departmental revenues" are defined as (1) earnings or charges for goods or services; (2) donations, contributions or participation by political subdivisions, foundations, corporations, firms or persons. State revenues, in contradistinction to departmental revenues, are the proceeds of taxes, licenses, fees, fines, forfeiture or other imposts laid specifically by law.

Notwithstanding any provision of the previous paragraph, the Department of Health shall deposit all funds generated by fees or taxes collected by such entity in the general fund of the state. Any appropriations for the operation of such entity shall be subject to allotment by the Commissioner of Finance and Administration, and no expenditure shall be made by any such entity out of fees or taxes collected by it, unless and until such allotments have been made by the Commissioner of Finance and Administration. Such allotments for the operation of such entity as are made by the Commissioner of Finance and Administration shall be disbursed under the provisions of Tennessee Code Annotated, Title 4, Chapter 3, Part 10 and Title 9, Chapter 4, Part 51.

The departmental revenues and federal aid funds appropriated under this act shall include the amounts hereinafter set out:

Item 2. From the appropriations made to the Department of Education under Section 1, Title III-9, of this act, the Department of Education is authorized to pay through disbursements to local education agencies (LEAs), the following amounts based on the Basic Education Program (BEP) formula, of participation in the basic accident and medical expense insurance plan, authorized by Tennessee Code Annotated, Title 8, Chapter 27, Part 3, by eligible employees of local education agencies:

The monthly premiums shall be subject to the approval of the Commissioner of Finance and Administration pursuant to Section 4-3-1006, Tennessee Code Annotated.

For purposes of these appropriations, "base premium" means the lowest premium offered by the Local Education Insurance Plan, without regard to any surcharges added to the premium for participation in the standard plan, a higher-cost network, or other premium adjustments that incent cost-savings to the plan.

It is the legislative intent that if funding is earmarked for implementation in such bills that the funds appropriated in this item be reduced accordingly. It is the legislative intent to recognize a revenue loss from bills that result in no expenditure increase but forgo revenue which has not been collected previously.

Item 4. In addition to any other funds appropriated by the provisions of this act, if the fiscal note on any bill states that state revenues would be increased in an amount equal to or greater than state expenditures as a result of the enactment of such bill, then there is appropriated a sum sufficient from such increased revenue to the appropriate entity, as determined by the Commissioner of Finance and Administration, to implement such bill.

Item 5. The provisions of this item shall take effect upon becoming law, the public welfare requiring it. SECTION 31. The provisions of this section shall take effect upon becoming a law, the public welfare requiring it. Under the provisions of Section 4 and Section 23 of this act, it is the legislative intent to appropriate the proceeds of federal block grant programs, as assumed by the State of Tennessee, in the following manner:

Provided, however, that all expenditures of any community development block grant funds in addition to those appropriated and enumerated in this section shall be subject to the following limitations and restrictions:

The Housing and Community Development Act of 1981 made it possible for states to assume administration of the Small Cities Community Development Block Grant (CDBG) previously administered by the U.S. Department of Housing and Urban Development (HUD). In Tennessee, the CDBG Program shall be administered by the Department of Economic and Community Development (ECD).

There shall be appropriated by the General Assembly to ECD such funds as may be allocated to Tennessee by the federal government for the CDBG Program. The state-administered

CDBG Program shall be developed within the parameters of the CDBG legislation, applicable federal regulations, and consultation with citizens and elected officials in Tennessee.

The CDBG goals shall be three-fold: (1) target on areas of economic distress; (2) stimulate the growth of jobs and income in these areas; and (3) maximize the number of grantees. Additionally, all CDBG projects must meet one of the three national objectives of (1) principally benefiting persons of low and moderate income; (2) elimination or prevention of slums and blight; or (3) elimination of conditions detrimental to health, safety or public welfare. ECD shall be authorized to make grants and/or loans of CDBG monies to eligible city and county governments in Tennessee to achieve these goals. Loan payments and interest shall be reserved for reappropriation and shall not revert to the general fund balance at year end.

Eligible applicants shall be all city and county governments in Tennessee except those cities of and counties designated by HUD as CDBG entitlement areas. Cities excluded from the state-administered CDBG Program include Memphis and Shelby County, Nashville (Davidson County), Chattanooga, Knoxville and Knox County, Clarksville, Bristol, Johnson City, Oak Ridge, Murfreesboro, Kingsport, Hendersonville, Morristown, Cleveland, Franklin, and Jackson. These cities and counties will receive their CDBG funds directly from HUD.

Based upon anticipated CDBG allocations of \$24,449,900 in fiscal year 2012-2013 and of \$24,488,600 in fiscal year 2013-2014, the following target funding levels shall be established:

	<u>2012-2013</u>		<u>2013-2014</u>
Administrative Costs	\$ 589,000	\$	589,800
Industrial Location/Expansions/Retentions...	500,000		500,000
Community Livability	1,976,900		2,238,600
Water/Sewer/Solid Waste	17,526,900		18,000,000
Housing and Neighborhood Revitalization ...	2,857,100		1,960,200
Commercial Façade Improvements	0		200,000
Set-Aside	1,000,000		1,000,000

A fifty percent (50%) reduction in any category will be permitted to facilitate proper program management and allow administrative flexibility. The funds so reduced shall be allocated to other categories with priority given to water/sewer/solid waste projects.

Selection criteria for project approvals shall be uniform within categories, objective and quantitative, and shall be based on project need, project feasibility, project impact, community need, the percent of project beneficiaries that have family incomes below the low and moderate income (LMI) levels, and, for community livability projects, essentialness.

Project application materials will be supplemented, as appropriate, by site visits and by informed opinions of state agencies knowledgeable about particular projects.

The level of CDBG assistance for individual projects shall be determined by the following factors: (1) a maximum grant of \$500,000.00 and/or a maximum loan of \$750,000.00 for individual projects (\$300,000.00 for community livability projects); (2) a maximum grant and/or loan to any applicant of \$750,000.00 in two successive years; and (3) the grantee's ability to pay. Higher grant levels (up to \$1,000,000.00) may be approved for regional projects.

If modifications in the expenditure plan for the CDBG Program are required, said modifications shall be accomplished in the following manner: (1) if the General Assembly is in session such modifications shall be approved by the General Assembly, or (2) if the General Assembly is not in session, the Governor may, (a) submit such modifications to the State Funding Board for approval or, (b) call a special session of the General Assembly for approval.

The Housing and Economic Recovery Act of 2008, U.S. Public Law 110-289, authorizes additional funding for the Small Cities Neighborhood Stabilization Community Development block grant. It is the legislative intent to appropriate the proceeds, as assumed by the State of Tennessee, in fiscal year 2012-2013 in the amount of \$11,225,700 to the Tennessee Housing Development Agency. The plan should assess current facilities, including capital maintenance and renovation; the need for additional or expanded facilities to accommodate state programs and service delivery; efficiencies that may be achieved by consolidation of facilities; and the potential use or disposition of any properties that may be surplus or available to the state. The plan should include site and facilities analysis, review of existing space uses, and future needs. In the recommendations, the plan also shall include a timetable of priority listings of capital improvement and capital maintenance projects for fiscal year 2014-2015 and for the four (4) subsequent fiscal years and priority listings for capital improvements and capital maintenance for the longer range. The plan should explain the general bases of facilities assessment and for setting of priorities.

SECTION 62. Contingency Appropriations from Tobacco MSA Arbitration Settlement.

Item 1. Appropriations in Sections 1 and 38 of this act totaling \$49,300,000 are contingent upon the state's receiving revenue from the Tobacco Master Settlement Agreement (MSA) diligent-enforcement arbitration settlement and such revenue being available funds. The estimate of such revenue is \$72,400,000, which is estimated to be collected in the year ending June 30, 2013, but the appropriation also is effective if the revenue is collected in the year ending June 30, 2014. The appropriations, listed in priority order of funding, are:

(1) An amount of \$5,300,000 in Section 38, Item 12.1, Contingency Appropriation – Reserve for Future Tobacco MSA Revenue Estimates (Arbitration Settlement). It is the legislative intent that this amount be used to support continuing Tobacco MSA revenue collections, as the other Tobacco MSA revenue is expected to decline by a total of \$5,300,000 during fiscal years 2013-2014 through 2016-2017, before increasing as a result of the settlement in fiscal year 2017-2018.

(2) An amount of \$24,000,000 in Section 1, Title III-32, Capital Outlay, Item 15, University of Tennessee, for UTK Steam Plant Conversion to Natural Gas, as described on pages A-156 and A-168 of the 2013-2014 Budget Document. Full funding of this appropriation is contingent upon the state's receiving \$29,300,000 or more of revenue from the arbitration settlement. If a lesser amount is received, but more than \$5,300,000, such lesser amount hereby is appropriated for this capital outlay project.

(3) An amount of \$20,000,000 in Section 1, Title III-22, Miscellaneous Appropriations, Item 29, Contingency Appropriation – Health and Wellness Initiatives (Tobacco MSA Source). This appropriation is contingent upon the state's receiving more than \$29,300,000 from the arbitration settlement, and the appropriation for this purpose hereby is made in such amount as may be received above the level of \$29,300,000 from the Tobacco MSA arbitration settlement, but not to exceed \$20,000,000.

Item 2. Health and Wellness Initiatives. From the contingency appropriation for Health and Wellness Initiatives, it is the legislative intent to provide emphasis on prevention and long-term medical cost savings across the entire state in order to accomplish the following goals enunciated by the Tennessee Department of Health: (1) prevent child and adolescent tobacco use, reducing the long-term cost and burden of heart disease, diabetes, chronic lung disease, asthma, and cancer; (2) reduce exposure to second-hand smoke, which reduces childhood ear infections and asthma; (3) eliminate smoking during pregnancy, which reduces low birth-weight baby hospitalization costs; (4) cessation of smoking by adults, which reduces health-care costs for individuals, families, and employers and improves community labor pools. The plan for use of these funds includes both primary prevention, which is to help persons not to begin using tobacco products, and secondary prevention, which is to help tobacco users to cease tobacco use.

It is the legislative intent that the unexpended balance of this appropriation be carried forward each June 30 until expended for the purposes stated in this item, and such funds shall not revert to the general fund at June 30, 2014.

These funds shall be allocated in such appropriated amounts as may be available in the following priority order:

Priority 1 – For the Governor's Health and Wellness Initiative, an amount not to exceed \$5,000,000. This initiative is intended to evaluate and promote adoption of health and wellness programs and to promote sustained local initiatives; leverage private contributions and foundation support to develop sustained local initiatives; and perform research, education, awareness, measurement, and reporting on the initiative.

Priority 2 – For a 95-County Distribution, an amount not to exceed \$15,000,000. The distribution of these funds shall be made by the Department of Health to local programs over a three-year period beginning with a distribution in fiscal year 2013-2014. The state distribution plan shall recognize health disparities in places and populations of this state; regional funding will be allocated using a formula that recognizes a 20 percent base amount, 40 percent based on population, and 40 percent based on need, as indicated by prevalence of tobacco use and tobacco-related health conditions. Upon development of allocation plans approved by the Tennessee Department of Health, the distribution is to be made to regional and county health councils, which are facilitated by local health departments and are engaged in community health assessments. The annual regional allocation plans for use of these funds must set priorities for primary and secondary prevention strategies and target health-disparity populations. Health councils shall be responsible for allocating funds to projects and partners, while applying continuous improvement methods and evaluation to measure results.

First-year distribution to any region is contingent upon approval by the Tennessee Department of Health of a regional plan documenting tobacco use and tobacco-related health conditions. It is the legislative intent that second- and third-

year distribution to any region be contingent upon approval by the department of a revised regional plan and regional reporting of results of program evaluation, using the Plan-Do-Study-Act quality cycle to continuously improve effectiveness.

Item 3. Reserve for Health and Wellness Initiatives. An amount of \$23,100,000, or any sum as may exceed \$49,300,000 in revenue collected and available from the settlement, shall be reserved for future health and wellness non-recurring requirements as provided in Section 47, Item 9, of this act.

SECTION 73. Federal Program Reductions. The General Assembly recognizes that reductions in federal grants-in-aid resulting from the sequester of federal programs by the United States government will require extraordinary actions by the Commissioner of Finance and Administration to manage the state budget within available resources and without detrimental effect on state finances. It is the legislative intent that the reduced programs not be maintained at their former level by substituting state funds for the reduced federal aid.

Item 1. Accordingly, the Commissioner of Finance and Administration shall reduce the federal and other departmental revenue estimates and reduce the allotment of funds in an amount equal to the revenue reductions, in accordance with Section 23, Item 1, it being the legislative intent that such withdrawal of federal aid necessitates a reduction of spending authorization in order to protect the state finances.

Item 2. The commissioner also shall reduce the number of authorized positions of each program affected by the federal aid reductions, to the extent positions were funded by the federal aid being reduced, and any employees terminated as a result of such action shall be provided severance benefits as provided in Section 59 of this act.

Item 3. State funds appropriated to match federal aid that has been reduced shall be set aside in an allotment reserve of the affected program and shall not be expended except to the extent necessary to provide for severance benefits and other actions necessary to reduce programs; provided, however, that the allotment of state funds shall be authorized to the extent necessary to fulfill state maintenance-of-effort (MOE) requirements under federal law. To the extent that state MOE requirements are reduced by the federal programs, state funds in the amount of the allowable MOE reduction also shall be reserved and not expended, except as provided above in this item. The provisions of this item shall not operate to require the reserving of state funds that have been appropriated in excess of the previous level of required state match or MOE in order to enhance the affected joint federal-state program.

Item 4. It is the legislative intent that the state matching funds held in allotment reserve as a result of these actions revert to the appropriate fund balance at June 30, 2014, in addition to the amounts estimated in the over-appropriation in Section 43 of this act, and that such funds as may be estimated at mid-year, when the 2014-2015 Budget is transmitted,

be available for the Governor's budget recommendations for the maintenance of any priority program services, if approved in the 2014 appropriations bill enacted by the General Assembly.

Item 5. The Commissioner of Finance and Administration, by December 31, 2013, shall report to the Senate and House Finance, Ways and Means committees on the reductions made by department and by state program, including the amounts of federal and other departmental revenue and allotments reduced, the matching state appropriations held in reserve and not allotted, the number of positions reduced, and a general summary of the impact on program services. After the report date, the commissioner shall provide any updated information in a fiscal year-end report encompassing the same categories of information, if the program reductions have changed from the earlier report.

SECTION 74.

From the appropriation to the FastTrack Infrastructure and Job Training Assistance program in Section 1, Title III-8, Item 8, an amount of \$3,000,000 that is included in the recurring amount identified on page B-352 of the 2013-2014 Budget Document is hereby designated as a non-recurring appropriation.

Item 2. It is the legislative intent that at June 30, 2013, an amount of \$8,000,000 shall revert to the general fund balance from the amount carried forward at June 30, 2012, in the Department of Finance and Administration, Strategic Health-Care Programs, Health-Care Planning and Innovation, for health information technology pursuant to Section 36, Item 14 of Chapter 1029 of the Public Acts of 2012.
