Special meetings of the board may be called by the chairman or, in the absence or disability of the chairman, by any board member. No meeting of the board shall be held unless a majority of the directors are present. All acts of the board shall be by a vote of three (3) or more directors. Resolutions of the board shall be effective upon adoption after one (1) reading and may be adopted at the same meeting at which they are introduced. The time and place of all meetings will be set by the board. The compensation of directors for serving on the board shall be in an amount fixed by resolution of the board.

(d) Each director shall be (i) a resident of the city and be a customer of the authority and (ii) at least twenty-five (25) years of age. Each director shall be bonded in the sum of ten thousand dollars (\$10,000), with good security, conditioned to faithfully perform the duties of the office, and shall take and subscribe an oath or make affirmation to uphold the Constitution and laws of the state and to faithfully discharge the duties of the office. HB 2633

maximum authorized by Tennessee Code Annotated, § 7-52-110, as the same may be amended from time to time.

SECTION 8. Any director may be removed from office for cause whether appointed by the Mayor or elected by the city board, as provided for in Section 8(c)(1) and (2) of the charter of the city.

SECTION 9.

(a) The board shall appoint a president, as provided herein, who shall be chief executive officer of the authority and who shall be qualified by training and experience for the general management of the acquisition, improvement, and operation of the business and affairs of the authority. The salary of the president shall be fixed by the board. The president shall serve at the pleasure of the board. The authority is authorized to enter into an employment contract with the president.

(g) The president shall cause to be kept full and proper books and records of all operations and affairs of the authority and shall cause to be kept separate books and accounts for each system, so that these books and accounts will reflect the financial condition of each division separately, and may require that the moneys and securities of each division be placed in separate funds to the end that each division shall be self-sustaining. All divisions will be audited annually by an independent certified public accountant selected by the board.

SECTION 10. The board shall adopt a policy governing all purchases of services or property, whether real or personal, all leases and lease-purchase agreements, and the disposition of all property of the authority. The policy shall authorize the president, or the president's designee or designees, to enter into contracts and agreements for the purchase of services or property, real or personal, leases and lease-purchases, disposition of property of the authority with a value not exceeding an amount from time to time established by the board, and to provide for the board's approval, such purchases, leases, lease-purchases, and dispositions in excess of such amount. Subject to the terms of the purchasing policy relating to board approval, the president, or the president's designee or designees, on behalf of the authority, shall be authorized to execute all contracts, purchase orders, and other documents necessary or proper in connection with the purchase of property or services and the disposition of property

of the authority, including deeds of conveyance of real property. The policy authorized by this section shall provide for competitive bidding in appropriate circumstances, exceptions to any competitive bidding requirements when competitive bidding is not practical, procedures for the purchase of commodities and other energy sources traded in public markets, procedures for documentation of compliance with purchasing procedures, and such other provisions and terms as the board deems necessary or desirable.

SECTION 11.

(a) The authority shall have power and is authorized to issue its bonds for the construction, acquisition, reconstruction, improvement, betterment, or extension of any system of the authority and to assume and to agree to pay any bonds or indebtedness incurred for any of the foregoing purposes. The proceeds of any bonds may be applied to:

(1) The payment of the costs of such construction, acquisition, reconstruction, improvement, betterment, or extension;

(2) The payment of the costs associated with any such construction, acquisition, reconstruction, improvement, betterment, or extension, including engineering, architectural, inspection, legal, and accounting expenses;

(4) The payment of interest during the period of construction and for six (6) months thereafter on any money borrowed or estimated to be borrowed;

(5) Reimbursement of the authority for moneys previously spent by the authority for any of the foregoing purposes;

(6) The establishment of reasonable reserves for the payment of debt service on such bonds, or for repair and replacement to the system of the authority for whose benefit the financing or refinancing is being undertaken, or for such other purposes as the board shall deem necessary and proper in connection with the issuance of any bonds and operation of the system for whose benefit the financing or refinancing is being undertaken;

(7) The contribution of the authority's share of the funding for any joint undertaking for the purposes hereinabove set forth; and

(8) The contribution by the authority to any subsidiary or separate entity controlled by the authority for the purposes hereinabove set forth.

(b) The authority shall have the power and is hereby authorized to issue its bonds to refund and refinance outstanding bonds of the authority or of the city related to any system or lawfully assumed by the authority. The proceeds of the bonds may be applied to:

(1) The payment of the principal of the principal amount of the bonds being refunded and refinanced;

(2) The payment of the redemption premium thereon, if any;

(3) The payment of unpaid interest on the bonds being refunded, including interest in arrears, for payment of which sufficient funds are not available, to the date of delivery or exchange of the refunding bonds;

(4) The payment of interest on the bonds being refunded and refinanced from the date of delivery of the refunding bonds to maturity or to, and including, the first or any subsequent available redemption date or dates on which the bonds being refunded may be called for redemption;

(5) The payment of the costs of issuance of the refunding bonds, including underwriter's discount, financial or municipal advisory fee, preparation of the bonds, preparation of all public offering and marketing materials, advertising, credit enhancement, and legal, accounting, fiscal, and other similar expenses, and the costs of refunding the outstanding bonds, including the costs of establishing an escrow for the retirement of the outstanding bonds, trustee and escrow agent fees in connection with any escrow, and accounting, legal, and other professional fees in connection herewith; and

(6) The establishment of reasonable reserves for the payment of debt service on the refunding bonds, or for repair and replacement to the system of authority for whose benefit the financing is being undertaken, or for such other purposes as shall be deemed necessary and proper in connection with the issuance of the refunding bonds and operation of the system for whose benefit the financing is being undertaken. Refunding bonds may be issued to refinance and refund more than one (1) issue of outstanding bonds, notwithstanding that such outstanding bonds may have been issued at different times. Refunding bonds may be issued jointly with other refunding bonds or other bonds of the authority. The principal proceeds from the sale of refunding bonds may be applied either to the immediate payment and retirement of the bonds being refunded or, to the extent not required for the immediate payment of the bonds being refunded, to the deposit in escrow with a bank or trust company to provide for the payment and retirement at a later date of the bonds being refunded.

(c) The authority shall have the power and is authorized to issue its bonds to retire all bonds of the city issued to finance or refinance any of the systems, and, to the extent permitted by contracts with any of the owners of the city bonds or parties to any loan agreement, to assume and agree to pay when due the city bonds, retire the city bonds, or deposit in escrow funds sufficient, together with earnings thereon, to retire the city bonds at maturity or upon redemption.

(d) The authority shall have the power and is hereby authorized to issue bonds in anticipation of the collection of revenues from the system for whose benefit the financing is undertaken for the purpose of financing electrical power purchases. Any such bonds shall be secured solely by a pledge of, and lien on, the revenues of the system for whose benefit the financing is undertaken. The principal amount of bonds that may be issued during any twelve (12) month period shall not exceed sixty percent (60%) of total electrical power for the same period, and all bonds issued during such period shall be retired and paid in full on, or before, the end of such period. The bonds shall be sold in such manner, at such price, and upon such terms and conditions as may be determined by the board. No bonds shall be issued under this subsection unless the electric system has positive retained earnings as shown in the most recent audited financial statements of the system, and the system has produced positive net income at least one (1) fiscal year out of three (3) fiscal years next preceding the issuance of the bonds as shown on the audited financial statements of the system. No bonds issued under this subsection shall be issued without first being approved by the director of state and local finance. If revenues of such system are insufficient to pay all such bonds at maturity, any unpaid bonds may be renewed one (1) time for a period not to exceed one (1) year or otherwise liquidated as approved by the office state and local finance in the office of the comptroller of the treasury.

(e) Bonds issued hereunder as a part of an issue, the last maturity of which is not later than five (5) years following the date of issue, shall be issued, and referred to, as notes.

SECTION 12.

(a) No bonds shall be issued or assumed hereunder unless authorized to be issued or assumed by resolution of the board, which resolution may be adopted at the same meeting at which it is introduced by a majority of all members thereof then in office, and shall take effect immediately upon adoption. Bonds authorized to be issued hereunder may be issued in one (1) or more series, may bear such date or dates, mature at such time or times, not exceeding forty (40) years from their respective dates,

bear interest at a zero (0) rate or at such rate or rates (which may vary from time to time), payable at such time or times, be in such denominations, be in such form, either coupon or registered, be executed in such manner, be payable in such medium of payment, at such place or places, and be subject to such terms of redemption, with or without premium, as such resolution or resolutions may provide. Bonds may be issued for money or property at competitive or negotiated sale for such price or prices as the board, or its designee, shall determine.

(b) Bonds may be repurchased by the authority out of any available funds at a price not to exceed the principal amount thereof and accrued interest, and all bonds so repurchased shall be cancelled or held as an investment of the authority as the board may determine.

(c) Pending the preparation or execution of definitive bonds, interim receipts or certificates or temporary bonds may be delivered to the purchaser of bonds.

(d)

(1) With respect to all or any portion of any issue of bonds issued hereunder, at any time during the term of the bonds, and upon receipt of a report of the comptroller of the treasury or the comptroller's designee finding that the contracts and agreements authorized in this subsection are in compliance with the guidelines, rules, or regulations adopted or promulgated by the state funding board, as set forth in Tennessee Code Annotated, § 7-34-109(h), the authority, by resolution of the board, may authorize and enter into interest rate swap or exchange agreements, agreements establishing interest rate floors or ceilings or both, and other interest rate hedging agreements under such terms and conditions as the board may determine, including, without limitation, provisions permitting the authority to pay to, or receive from, any person or entity any loss of benefits under such agreement upon early termination thereof or default under such agreement.

(2) The authority may enter into an agreement to sell bonds (other than its refunding bonds) under this act providing for delivery of its bonds on a date greater than ninety (90) days and not greater than five (5) years (or such greater period of time if approved by the comptroller of the treasury or the comptroller's designee), from the date of execution of such agreement or to sell its refunding bonds providing for delivery thereof on a date greater than ninety (90) days from the date of execution of the agreement and not greater than the first optional redemption date on which the bonds being refunded can be optionally redeemed resulting in cost savings or at par, whichever is earlier, only upon receipt of a report of the comptroller of the treasury or the comptroller's designee finding that the agreement or contract of the authority to sell its bonds as authorized in this subsection is in compliance with the guidelines, rules, or regulations adopted or promulgated by the state funding board in accordance with Tennessee Code Annotated, § 7-34-109(h). Agreements to sell bonds and refunding bonds for delivery ninety (90) days or less from the date of execution of the agreement do not require a report of the comptroller of the treasury or the comptroller's designee.

(3) Prior to the adoption by the board of a resolution authorizing a contract or agreement described in subdivision (d)(1) or (2), a request shall be submitted to the comptroller of the treasury or the comptroller's designee for a report finding that such contract or agreement is in compliance with the guidelines, rules, or regulations of the state funding board. Within fifteen (15) days of receipt of the request, the comptroller of the treasury or the comptroller's designee shall determine whether the contract or agreement substantially complies with the guidelines, rules, or regulations and shall report thereon to the authority. If the report of the comptroller of the treasury or the comptroller's designee finds that the contract or agreement complies with the guidelines, rules, or regulations of the state funding board or the comptroller of the treasury shall fail to report within the fifteen (15) day period, then the authority may take such action with respect to the proposed contract or agreement as it deems advisable in accordance with the provisions of this section and the guidelines, rules, or

regulations of the state funding board. If the report of the comptroller of the treasury or the comptroller's designee finds that such contract or agreement is not in compliance with the guidelines, rules, or regulations, then the authority is not authorized to enter into such contract or agreement. The guidelines, rules, or regulations shall provide for an appeal process upon determination of noncompliance.

(4) When entering into any contracts or agreement facilitating the issuance and sale of bonds, including contracts or agreements providing for liquidity and credit enhancement and reimbursement agreements relating thereto, interest rate swap or exchange agreements, agreements establishing interest rate floors or ceilings or both, other interest rate hedging agreements, and agreements with the purchaser of the bonds, evidencing a transaction bearing a reasonable relationship to this state and also to another state or nation, the authority may agree in the written contract or agreement that the rights and remedies of the parties thereto shall be governed by the laws of this state or the laws of such other state or nation; provided, that jurisdiction over the authority shall lie solely in the courts of Coffee County, Tennessee.

(5) Prior to the adoption or promulgation by the state funding board of guidelines, rules, or regulations with respect to the contracts and agreements authorized in subdivisions (d)(1) and (2), the authority may enter into such contracts or agreements to the extent otherwise authorized by the general laws of this state.

SECTION 13. In order to secure the payment of the principal and interest on the bonds issued hereunder, or in connection with such bonds, the authority has the power to secure such bonds and to covenant as to the bonds set forth in Tennessee Code Annotated, §§ 9-21-306 and 7-34-110.

SECTION 14. No owner or owners of any bonds issued hereunder shall ever have the right to compel any exercise of the taxing power of the state, the city, or any other municipality or political subdivision of the state to pay such bonds or the interest thereon. Each bond issued under this act shall recite in substance that such bond, including the interest thereon, is payable solely from the revenues pledged to the payment thereof, and that the bond does not constitute a debt of the state, any municipality, or any other political subdivision therein.

SECTION 15. Bonds issued hereunder bearing the signature of the president in office on the date of the signing thereof shall be valid and binding obligations, notwithstanding that before the delivery thereof and payment therefor any or all persons whose signatures appear thereon shall have ceased to be officers. The validity of any bonds shall not be dependent on, or affected by, the validity or regularity of any proceeding relating to the acquisition or improvement of the system or systems for which such bonds are issued. The resolution or resolutions authorizing bonds may provide that the bonds shall contain a recital that they are issued pursuant to this act, which recital shall be conclusive evidence of their validity and of the regularity of their issuance.

SECTION 16. In connection with the issuance of bonds and in order to secure the payment of its bonds, the authority shall have power:

(1) To pledge all or any part of its revenues;

(2) To vest in a trustee or trustees the right to enforce any covenant made to secure, to pay, or in relation to its bonds, to provide for the powers and duties of such trustee or trustees, to limit the liabilities thereof, and to provide the terms and conditions upon which the trustee or trustees or the holders of bonds or any amount or proportion of them may enforce any such covenant; and

(3) To make such covenants and to do any and all such acts and things as may be necessary or convenient or desirable in order to secure its bonds or which, in the absolute discretion of the board, tend to make the bonds more marketable notwithstanding that such covenants, acts, and things may restrict or interfere with the exercise of the powers herein granted; it being the intention hereof to give the authority

power to do all things in the issuance of bonds, and for their security, that a private business corporation can do under the general laws of this state.

SECTION 17. In addition to all other rights and remedies, any holders of bonds of the authority, including a trustee for bondholders, shall have the right:

(a) By mandamus or other suit, action, or proceeding at law or in equity, to enforce the bondholder's rights against the authority and the board, including the right to require the authority and such board to fix and collect rates and charges adequate to carry out any agreement as to, or pledge of, the revenues produced by such rates or charges, and to require the authority and such board to carry out any other covenants and agreements with such bondholders and to perform their duties under this act;

(b) By action, or suit in equity to enjoin any acts or things which may be unlawful or a violation of the rights of such holder or holders of bonds;

(c) By suit, action, or proceeding in the Chancery Court of Coffee County to obtain an appointment of a receiver of any system or systems of the authority or any part or parts thereof. If such receiver be appointed, such receiver may enter and take possession of such system or systems or part or parts thereof and operate and maintain same, and collect and receive all fees, rents, tolls, or other charges thereafter arising therefrom in the same manner as the authority itself might do and shall dispose of such money in a separate account or accounts and apply the same in accordance with the obligations of the authority as the court shall direct; and

(d) By suit, action, or proceeding in the Chancery Court of Coffee County to require the board of the authority to account as if it were the trustee of an express trust.

SECTION 18.

(a) The authority shall not be operated for gain or profit or primarily as a source of revenue to the city or any other person or entity. The authority shall, however, prescribe and collect reasonable rates, fees, or charges for the services, facilities, and commodities made available by it, and shall revise such rates, fees, or charges from time to time whenever necessary so that each system, or any combined systems as authorized herein, shall be and always remain self-supporting, and shall not require appropriations by the city or any other municipality, the state, or any political subdivision to carry out its purpose. Any one (1) system of the authority shall not subsidize any other system, unless the systems are operated as a combined system in accordance with the terms hereof, in which case the combined system shall be self-supporting.

(b) The rates, fees, or charges prescribed for each system shall be such as will produce revenue at least sufficient:

(1) To provide for the payment of all expenses of operation and maintenance of such system;

(2) To pay when due principal of, and interest on, all bonds of the authority payable from the revenues of such system;

(3) To pay any payments in lieu of taxes authorized to be paid pursuant to the terms hereof; and

(4) To establish proper reserves for the system.

SECTION 19. Any pledge of, or lien on, revenues, fees, rents, tolls, or other charges received or receivable by the authority to secure the payment of any bonds of the authority, and the interest thereon, shall be valid and binding from the time that the pledge or lien is created or granted and shall inure to the benefit of the owner or owners of any such bonds until the payment in full of the principal thereof and premium and interest thereon. The priority of any pledge or lien with respect to competing pledges or liens shall be determined by the date such pledge or lien is created or granted. Neither the resolution nor any other instrument granting, creating, or giving notice of the pledge or lien need be filed or recorded to preserve or protect the validity or priority of such pledge or lien.

SECTION 20. So long as the authority owns any of the systems, the property and revenue of such system shall be exempt from all state, county, and municipal taxation. Any bonds issued by the authority pursuant to the provisions hereof, and the income therefrom, shall be exempt from all state, county, and municipal taxation except inheritance, transfer, and estate taxes, and except as otherwise provided by the general laws of this state; provided, however, the authority shall make the payments required by Tennessee Code Annotated, §§ 7-52-404 and 7-52-606, and shall be subject to all other state and local fees and charges imposed upon private providers of such services.

SECTION 21. The authority shall make payments in lieu of taxes to the city and other municipalities, accruing from and after the effective date hereof, from the electric system revenues on the same basis and under the same formula as payments are currently being made by the Tullahoma Utilities Board as prescribed by the general laws of this state.

SECTION 22. The authority is authorized to provide water service, wastewater service, electric service, and telecommunications services to all areas that are hereafter lawfully and properly annexed within the corporate limits of the city. Such services shall be provided as soon as practical and economically feasible after the annexation becomes effective.

SECTION 23. All moneys of the authority, from whatever source derived, shall be deposited in one (1) or more banks or trust companies and, if the authority shall so require, such accounts shall be continuously insured by an agency of the federal government or secured by a pledge of direct obligations of the United States or of the state of Tennessee having an aggregate market value, exclusive of accrued interest, at all times at least equal to the balance of deposit in such account or accounts. Such securities shall either be deposited with the authority or be held by a trustee or agent satisfactory to the authority in lieu of any pledge of such securities, and such deposits may be secured by a surety bond or bonds which shall be in form, sufficiency, and substance satisfactory to the authority.

SECTION 24. All funds of the authority are authorized to be invested as follows:

- (1) Direct obligations of the United States government or any of its agencies;
- (2) Obligations guaranteed as to principal and interest by the United States government or any of its agencies;
- (3) Certificates of deposit and other evidences of deposit at state and federally chartered banks, savings and loan institutions, or savings banks deposited and collateralized as described in subdivision (1);
- (4) Repurchase agreements entered into with the United States or its agencies or with any bank, broker-dealer, or other such entity so long as the obligation of the obligated party is secured by a perfected pledge of full faith and credit obligations of the United States or its agencies;
- (5) Guaranteed investment contracts or similar agreements providing for a specified rate of return over a specified time period with entities rated in one (1) of the two (2) highest rating categories of a nationally recognized rating agency;
- (6) In accordance with the local government investment pool created by Tennessee Code Annotated, Title 9, Chapter 4, Part 7;
- (7) Direct general obligations of a state of the United States, or a political subdivision or instrumentality thereof, having general taxing powers and rated in either of the two (2) highest rating categories by a nationally recognized rating agency of such obligations; or
- (8) Obligations of any state of the United States, or a political subdivision or instrumentality thereof, secured solely by revenues received by, or on behalf of, the state or political subdivision or instrumentality thereof irrevocably pledged to the payment of the principal and interest on such obligations, rated in the two (2) highest rating categories by a nationally recognized rating agency of such obligations.

HB 2633

SECTION 25. In the event that the authority shall cease to exist, all of its assets remaining after all of its obligations and liabilities have been satisfied or discharged shall pass to, and become the property of, the city.

SECTION 26. The authority is and shall be considered a political subdivision for purposes of Tennessee Code Annotated, Title 65, Chapter 4.

SECTION 27. The board shall be considered a governing body for the purposes of the Open Meetings Act, codified at Tennessee Code Annotated, Title 8, Chapter 44.

SECTION 28. The authority shall be considered a governmental entity for purposes of the Tennessee Governmental Tort Liability Act, codified at Tennessee Code Annotated, Title 29, Chapter 20.

SECTION 29. The authority shall be considered a public agency for the purposes of the Interlocal Cooperation Act, codified at Tennessee Code Annotated, Title 12, Chapter 9.

SECTION 30. The authority shall be considered a municipality for the purposes of the Energy Acquisition Corporation Act, codified at Tennessee Code Annotated, Title 7, Chapter 39, and may be an associated municipality of an energy acquisition corporation under Tennessee Code Annotated, Title 7, Chapter 39, and the board shall be a governing body for purposes of Tennessee Code Annotated, Title 7, Chapter 39.

SECTION 31. The powers conferred by this act shall be in addition, and supplemental, to the powers conferred by any other law.

SECTION 32. This act shall not affect rights and duties that matured, penalties that were incurred, or proceedings that were begun before the effective date of this act.

SECTION 33. Chapter 553 of the Private Acts of 1903, and any other acts amendatory thereto, is amended by designating Section 9 as Section 9(a) and adding the following as new subsections 9(b), 9(c), and 9(d):

(b) The City is authorized to transfer to the Tullahoma Utilities Authority (the "Authority") created by the Private Acts of the State of Tennessee (the "Tullahoma Utilities Authority Act"), all its right, title, and interest in and to all the assets in the City's water, wastewater, electric, and telecommunications systems currently under the jurisdiction and control and being operated and maintained for the City by the Tullahoma Utilities Board, including all real and personal property, tangible or intangible, and any right or interest in any such property, whether or not subject to mortgages, liens, charges, or other encumbrances, and all appurtenances, contracts, leases, franchises, and other intangibles. The transfer shall be authorized by resolution of the Board of Mayor and Aldermen adopted on one (1) reading and shall be accomplished through documents and instruments authorized by said resolution and executed by such officers of the City as shall be designated by said resolution. A transfer to the Authority in accordance with the terms hereof shall not be deemed a disposition of assets for purposes of Tennessee Code Annotated, § 7-52-132.

(c) Notwithstanding Section 2B of the city charter, the City is hereby authorized, by resolution of the Board of Mayor and Aldermen to grant a franchise to the Authority to provide within the corporate limits of the city any and all of the services that it is authorized to provide under applicable law upon such terms and conditions as shall be prescribed by the Board of Mayor and Aldermen.

(d) Upon the Tullahoma Utilities Authority Act becoming effective and upon adoption of the resolution of the Board of Mayor and Aldermen referred to in the Tullahoma Utilities Authority Act, the jurisdiction and control of the systems of the city shall be transferred to the Authority. If such transfer has not occurred and the city bonds as defined in the Tullahoma Utilities Authority Act have not been defeased or retired by the Authority or the obligation for payment therefor assigned to the Authority by July 31, 2018, then all provisions of this charter, existing prior to this amendment thereto set forth herein, relating to the provisions of electric, telecommunications, water, and wastewater services by the Tullahoma Utilities Board shall remain in full force and effect and the

HB 2633

provisions of this charter relating to the Tullahoma Utilities Authority shall no longer be effective.

SECTION 34. The terms and provisions of all contracts and agreements between the city and the Tullahoma Utilities Board, including, without limitation, the agreement regarding the disposition of the Short Springs Property that is maintained by and under the jurisdiction of the Tullahoma Utilities Board as a backup water supply source shall be binding upon and inure to the benefit of the authority and the city.

SECTION 35. It shall be a condition of the transfer of the systems from the city to the authority that upon such transfer the authority shall retire the city bonds by the payment thereof in full upon transfer, defease the city bonds by depositing funds in irrevocable escrow for the payment of these bonds, or assume and agree to pay in full principal of and interest on the city bonds to the extent consistent with all covenants in bond documents relating to the city bonds. If this condition is not met on or before July 31, 2018, then the Tullahoma Utilities Authority shall be dissolved and shall cease to exist, and all city charter provisions relating to the Tullahoma Utilities Board shall remain in full force and effect. Upon the assumption by the Authority of the city bonds and its agreement to pay those bonds when due, the Authority shall be fully obligated to pay when due, principal, premium, and interest with respect to those bonds with the same force and effect as if those bonds were issued by the Authority. The transfer of each of the systems shall be accomplished in such a manner as not to impair the obligations of contract with reference to the city bonds and other legal obligations of the city and to preserve and protect the contract rights vested in the owners of such bonds and other obligations.

SECTION 36. If any provision of this act or the application thereof to any person or circumstance is held to be invalid, such invalidity shall not affect any other provision or application of the act which can be given effect without the invalid provisions or application, and to that end the provisions of this act are declared to be severable.

SECTION 37. This act shall have no effect unless it is approved by a two-thirds (2/3) vote of the legislative body of the city of Tullahoma. Its approval or nonapproval shall be proclaimed by the presiding officer of the legislative body and certified by the presiding officer to the secretary of state.

SECTION 38. For the purpose of approving or rejecting this act, this act shall take effect upon becoming a law, the public welfare requiring it. For all other purposes, this act shall take effect upon being approved as provided in Section 37.
