Event Description: The tickets are placed in 35 mm film containers and closed. All the containers are counted and placed in a wire and wood tumbler. We have a child from the audience draw each ticket. It is then opened and read aloud. All the names and numbers are matched with the ticket and placed on poster board so the people may see each ticket drawn as it is placed over the corresponding name on the board. We'll do this until the last ticket is drawn out. The last ticket drawn receives \$5,000.00.
