**Event Description:** We will place numbers 1-400 on a wall. All of the sold raffle stubs will be placed in a raffle drum that we will rent from Stewart's Special Events. As we pull tickets from the raffle drum, we will pull the matching number off the wall. This is how those present can see if their ticket or a friends' tick is still in the drawing. The goal is to be the last ticket drawn. Two Boys and Girls Club full time employees will each pull 20 tickets at a time out of the raffle drum, then pull the corresponding ticket number off of the wall with the raffle numbers. The raffle drum will be on a small table next to the wall with the raffle numbers.  
When we get to the last five tickets, we will let each ticket owner, or a representative (on the phone with the ticket owner) come forward

and discuss if they would like to split the winning ticket five ways or continue to draw. If all do not agree, we will continue to pull ticket until a grand prize winner and second place winner are crowned. Participants do not have to be present to win.
