Event Description: This event takes place at Gettysvue Golf Course typically on the day of our annual golf tournament. Numbered tickets are pre sold. The tickets include a stub which is retained by Alzheimer's Tennessee and contains the purchaser's information. On the day of the event golf balls numbered/matching the tickets sold are loaded into a helicopter flown by a commercial pilot and crew who donate their time and the use of the helicopter. A large target is laid on the driving range with a golf hole as the winning spot. The balls are dropped from the helicopter onto the tarp and the ball that lands either in the hole or closest to the hole is determined as the winner. If multiple balls land in the hole, the winner is the first ball to enter the hole (the one on the bottom). Alzheimer's Tennessee staff is on

the driving range to measure the balls if one doesn't land in the hole and determine the winner. Another staff person has the ticket stubs to confirm the winner. The person does not have to be present to win but the last two years, the winner has been present.
