**Price per Ticket,
Share, Chance/Other** \$50.00

Event Description: The reverse raffle will be conducted by selling tickets for \$50.00 each to event guests. Guest may purchase their raffle ticket online two weeks prior to the event, as well as, at the Museum during the night of the event. Upon purchase of a ticket, the guest is entered into a drawing for a chance to win a \$1,000.00 cash prize. The maximum number of tickets sold will be 100. Game participants are assigned unique numbers with each ticket purchase. The corresponding number for a ticket purchased will be placed in a container. During the event, the auctioneer hired for the evening will draw numbers from the container eliminating players for the game. When only five participants remain, those participants will have the opportunity to split the winnings equally among each of

them or continue the elimination process. All five participants must be in agreement to split the prize. If not all participants are in agreement, the elimination of number continues until only one winner remains. Participants do not have to be present to win, but may present the Museum with written instructions directing whether or not they wish to split the winnings or play through to final elimination.
