Regulatory Flexibility Addendum

Pursuant to Public Chapter 464 of the 105th General Assembly, prior to initiating the rule making process as described in § 4-5-202(a)(3) and § 4-5-202(a), all agencies shall conduct a review of whether a proposed rule or rule affects small businesses.

An economic impact statement regarding the amendments in this rule proposal is not required under the provisions of the Regulatory Flexibility Act of 2007. As stated in Section 6 of Public Chapter 464, "This part shall not apply to rules that are adopted on an emergency or public necessity basis under Title 4, Chapter 5, Part 2, that are federally mandated, or that substantially codify existing state or federal law." Under the statutory authority of 29 U.S.C. § 667, Tennessee has an approved state plan that provides for the development and enforcement of occupational safety and health standards. In accordance with the Tennessee Occupational Safety and Health State Plan, when a federal occupational safety and health standard is promulgated under 29 U.S.C. § 655 Tennessee generally adopts the federal standard relating to the same issue. The plan specifies that the state of Tennessee will adopt the federal standards or an equivalent state requirement within six (6) months of the standard's promulgation by federal OSHA. In addition, T.C.A. §50-3-201 authorizes the Commissioner of Labor and Workforce Development to adopt either state or federal occupational safety and health standards.

Additional Information Required by Joint Government Operations Committee

All agencies, upon filing a rule, must also submit the following pursuant to TCA 4-5-226(i)(1).

- (A) A brief summary of the rule and a description of all relevant changes in previous regulations effectuated by such rule;

Rules 0800-01-01-.06, 0800-01-06-.02, 0800-01-07-.01 and 0800-01-07-.02 are amended in order to adopt and reference the latest occupational safety and health standards and exceptions, if any, in the applicable parts of Title 29, Code of Federal Regulations when published in the Federal Register. Since the last amendments to the rules there have been no changes to the Occupational Safety and Health Standards.

Rule 0800-01-11 is amended to reflect references made to program directives that have been revised since the original rule was promulgated. There is no change to the substance of the rule itself.

- (B) A citation to and brief description of any federal law or regulation or any state law or regulation mandating promulgation of such rule or establishing guidelines relevant thereto;

Under the statutory authority of 29 U.S.C. § 667, Tennessee has an approved state plan that provides for the development and enforcement of occupational safety and health standards. In accordance with the plan, when a federal occupational safety and health standard is promulgated under 29 U.S.C. § 655 Tennessee generally adopts the federal standard relating to the same issue. When a federal standard is not adopted, it is referenced as an exception in the rules. The statutory authority for promulgation of the rules by the Commissioner of Labor and Workforce Development is T.C.A. § 50-3-201.

- (C) Identification of persons, organizations, corporations or governmental entities most directly affected by this rule, and whether those persons, organizations, corporations or governmental entities urge adoption or rejection of this rule;

These rules provide for the effective administration and enforcement of the occupational safety and health standards required by the state plan. Employees and employers including governmental entities in the state must comply with the rules promulgated pursuant to federal and state law. It appears that there are no objections to the proposed amendments to the rules since no inquiries have been made.

There have been no Attorney General opinions or judicial rulings relevant to these rules.

- (E) An estimate of the probable increase or decrease in state and local government revenues and expenditures, if any, resulting from the promulgation of this rule, and assumptions and reasoning upon which the estimate is based. An agency shall not state that the fiscal impact is minimal if the fiscal impact is more than two percent (2%) of the agency's annual budget or five hundred thousand dollars (\$500,000), whichever is less;

There are no anticipated increases or decreases in state and local government revenues and expenditures resulting from promulgation of the proposed rules and amendments to the existing rules.
