Regulatory Flexibility Addendum

Pursuant to Public Chapter 464 of the 105th General Assembly, prior to initiating the rule making process as described in § 4-5-202(a)(3) and § 4-5-202(a), all agencies shall conduct a review of whether a proposed rule or rule affects small businesses.

(1) The type or types of small business and an identification and estimate of the number of small businesses subject to the proposed rule that would bear the cost of, and/or directly benefit from the proposed rule;

The Commission does not anticipate significant impact to small businesses in Tennessee. The rule establishes different procedures for obtaining special season permits and should not affect current business activities.

(2) The projected reporting, recordkeeping and other administrative costs required for compliance with the proposed rule, including the type of professional skills necessary for preparation of the report or record;

The Commission anticipates no record keeping associated with this rule.

(3) A statement of the probable effect on impacted small businesses and consumers;

The Commission anticipates no probable effect to small businesses.

(4) A description of any less burdensome, less intrusive or less costly alternative methods of achieving the purpose and/or objectives of the proposed rule that may exist, and to what extent, such alternative means might be less burdensome to small business;

The Commission is unaware of alternatives to the proposed rule and does not believe the rule as proposed would be burdensome to small businesses.

(5) A comparison of the proposed rule with any federal or state counterparts;

The Commission is not aware of any federal or state counterparts to this rule.

(6) Analysis of the effect of the possible exemption of small businesses from all or any part of the requirements contained in the proposed rule.

The Commission anticipates no probable effect to small businesses and exemptions to this rule would likely not be beneficial.
