Rulemaking Hearing Rule(s) Filing Form

Rulemaking Hearing Rules are rules filed after and as a result of a rulemaking hearing (Tenn. Code Ann. § 4-5-205).

Pursuant to Tenn. Code Ann. § 4-5-229, any new fee or fee increase promulgated by state agency rule shall take effect on July 1, following the expiration of the ninety (90) day period as provided in § 4-5-207. This section shall not apply to rules that implement new fees or fee increases that are promulgated as emergency rules pursuant to § 4-5-208(a) and to subsequent rules that make permanent such emergency rules, as amended during the rulemaking process. In addition, this section shall not apply to state agencies that did not, during the preceding two (2) fiscal years, collect fees in an amount sufficient to pay the cost of operating the board, commission or entity in accordance with § 4-29-121(b).

Public Hearing Comments

One copy of a document containing responses to comments made at the public hearing must accompany the filing pursuant to T.C.A. § 4-5-222. Agencies shall include only their responses to public hearing comments, which can be summarized. No letters of inquiry from parties questioning the rule will be accepted. When no comments are received at the public hearing, the agency need only draft a memorandum stating such and include it with the Rulemaking Hearing Rule filing. Minutes of the meeting will not be accepted. Transcripts are not acceptable.

There were no comments received during the public comment period.

Regulatory Flexibility Addendum

Pursuant to T.C.A. §§ 4-5-401 through 4-5-404, prior to initiating the rule making process as described in T.C.A. § 4-5-202(a)(3) and T.C.A. § 4-5-202(a), all agencies shall conduct a review of whether a proposed rule or rule affects small businesses.

- (1) The type or types of small business and an identification and estimate of the number of small businesses subject to the proposed rule that would bear the cost of, or directly benefit from the proposed rule.

There are no small businesses impacted by this rulemaking.

- (2) The projected reporting, recordkeeping, and other administrative costs required for compliance with the proposed rule, including the type of professional skills necessary for preparation of the report or record.

There are no small businesses impacted by this rulemaking, therefore there are no reporting, recordkeeping, and other administrative costs.

- (3) A statement of the probable effect on impacted small businesses and consumers.

There will be no impact on small businesses.

- (4) A description of any less burdensome, less intrusive or less costly alternative methods of achieving the purpose and objectives of the proposed rule that may exist, and to what extent the alternative means might be less burdensome to small business.

No alternatives are available to achieve the purpose of this rulemaking.

- (5) A comparison of the proposed rule with any federal or state counterparts.

The federal counterpart, which placed the site on the federal National Priorities List (NPL) is 40 CFR Part 300 – National Oil and Hazardous Substances Pollution Contingency Plan, Table 1-General Superfund Section. The Department concurred in EPA's addition of this site to the NPL.

TDEC's proposed rule amendment will place the site in a similar status by placing it on the State's list of inactive hazardous substance sites.

- (6) Analysis of the effect of the possible exemption of small businesses from all or any part of the requirements contained in the proposed rule.

There is no effect since this rulemaking does not impact small businesses.

Impact on Local Governments

Pursuant to T.C.A. §§ 4-5-220 and 4-5-228 “any rule proposed to be promulgated shall state in a simple declarative sentence, without additional comments on the merits of the policy of the rules or regulation, whether the rule or regulation may have a projected impact on local governments.” (See Public Chapter Number 1070 (<http://state.tn.us/sos/acts/106/pub/pc1070.pdf>) of the 2010 Session of the General Assembly)

The Department does not anticipate an impact on local governments from this rulemaking.

Additional Information Required by Joint Government Operations Committee

All agencies, upon filing a rule, must also submit the following pursuant to T.C.A. § 4-5-226(i)(1).

- (A) A brief summary of the rule and a description of all relevant changes in previous regulations effectuated by such rule;

The rulemaking adds the Walker Machine Products site located at 459 Washington Street, in Collierville, Shelby County, Tennessee to the list of inactive hazardous substance sites. This site was used to produce automated machine screw products, beginning in 1953 until it ceased operations in 2002. Walker Machine Products used chlorinated solvents for cleaning and degreasing their finished products. Soil, surface water, groundwater and air pathway investigations have determined that the site has been contaminated with chlorinated solvents. The groundwater contaminant plume is impacting Collierville's Water Plant #1 located about ½ mile away. The property is currently being used by the Langley Wire Cloth Company, which is not the source of the contamination at the site.

In April of 2014, the EPA added this site to the National Priority List. In order to complete the necessary remedial actions on the site, and meet our statutory obligation to update the state's inactive hazardous substance site list, the rulemaking updates Rule 0400-15-01-.13 List of Inactive Hazardous Substance Sites by adding Walker Machine Products site to the list of inactive hazardous substance sites.

- (B) A citation to and brief description of any federal law or regulation or any state law or regulation mandating promulgation of such rule or establishing guidelines relevant thereto;

Inactive Hazardous Substance Sites are promulgated under the authority of T.C.A. 68-212-206(e) and 68-212-215(e).

- (C) Identification of persons, organizations, corporations or governmental entities most directly affected by this rule, and whether those persons, organizations, corporations or governmental entities urge adoption or rejection of this rule;

This proposed rule adds the Walker Machine Products Site located in Collierville, Tennessee in Shelby County to the List of Inactive Hazardous Substance Sites and there were no comments received during the public comment period.

- (D) Identification of any opinions of the attorney general and reporter or any judicial ruling that directly relates to the rule;

The Department is not aware of any opinions or judicial rulings that directly relate to this rule.

- (E) An estimate of the probable increase or decrease in state and local government revenues and expenditures, if any, resulting from the promulgation of this rule, and assumptions and reasoning upon which the estimate is based. An agency shall not state that the fiscal impact is minimal if the fiscal impact is more than two percent (2%) of the agency's annual budget or five hundred thousand dollars (\$500,000), whichever is less;

Adding this site to the List of Inactive Hazardous Substance sites will allow expenditures from the Hazardous Waste Remedial Action fund for investigation, evaluation and clean-up of the site. All state funds spent for activities at the site will be reimbursed by EPA either fully or up to 90% depending on the activity. Under the authority of T.C.A. § 68-212-207, the Commissioner may recover costs from liable parties, however, in this instance no financially-able liable party is available.

- (F) Identification of the appropriate agency representative or representatives, possessing substantial knowledge and understanding of the rule;

Tim Stewart
Division of Remediation
William R. Snodgrass Tennessee Tower
312 Rosa L. Parks Avenue, 14th Floor
Nashville, Tennessee 37243

Tim.Stewart@tn.gov

- (G) Identification of the appropriate agency representative or representatives who will explain the rule at a scheduled meeting of the committees;

Jenny Howard
Deputy General Counsel
Office of General Counsel

- (H) Office address, telephone number, and email address of the agency representative or representatives who will explain the rule at a scheduled meeting of the committees; and

Office of General Counsel

- (I) Any additional information relevant to the rule proposed for continuation that the committee requests.

The Department is not aware of any additional relevant information requested.

Rulemaking Hearing Rules are rules filed after and as a result of a rulemaking hearing (Tenn. Code Ann. § 4-5-205).

Pursuant to Tenn. Code Ann. § 4-5-229, any new fee or fee increase promulgated by state agency rule shall take effect on July 1, following the expiration of the ninety (90) day period as provided in § 4-5-207. This section shall not apply to rules that implement new fees or fee increases that are promulgated as emergency rules pursuant to § 4-5-208(a) and to subsequent rules that make permanent such emergency rules, as amended during the rulemaking process. In addition, this section shall not apply to state agencies that did not, during the preceding two (2) fiscal years, collect fees in an amount sufficient to pay the cost of operating the board, commission or entity in accordance with § 4-29-121(b).

Public Hearing Comments

One copy of a document containing responses to comments made at the public hearing must accompany the filing pursuant to T.C.A. § 4-5-222. Agencies shall include only their responses to public hearing comments, which can be summarized. No letters of inquiry from parties questioning the rule will be accepted. When no comments are received at the public hearing, the agency need only draft a memorandum stating such and include it with the Rulemaking Hearing Rule filing. Minutes of the meeting will not be accepted. Transcripts are not acceptable.

There were no comments received during the public comment period.

Regulatory Flexibility Addendum

Pursuant to T.C.A. §§ 4-5-401 through 4-5-404, prior to initiating the rule making process as described in T.C.A. § 4-5-202(a)(3) and T.C.A. § 4-5-202(a), all agencies shall conduct a review of whether a proposed rule or rule affects small businesses.

- (1) The type or types of small business and an identification and estimate of the number of small businesses subject to the proposed rule that would bear the cost of, or directly benefit from the proposed rule.

There are no small businesses impacted by this rulemaking.

- (2) The projected reporting, recordkeeping, and other administrative costs required for compliance with the proposed rule, including the type of professional skills necessary for preparation of the report or record.

There are no small businesses impacted by this rulemaking, therefore there are no reporting, recordkeeping, and other administrative costs.

- (4) A description of any less burdensome, less intrusive or less costly alternative methods of achieving the purpose and objectives of the proposed rule that may exist, and to what extent the alternative means might be less burdensome to small business.

No alternatives are available to achieve the purpose of this rulemaking

- (5) A comparison of the proposed rule with any federal or state counterparts.

The federal counterpart, which placed the site on the federal National Priorities List (NPL) is 40 CFR Part 300 – National Oil and Hazardous Substances Pollution Contingency Plan, Table 1-General Superfund Section. The Department concurred in EPA's addition of this site to the NPL.

TDEC's proposed rule amendment will place the site in a similar status by placing it on the State's list of inactive hazardous substance sites.

- (6) Analysis of the effect of the possible exemption of small businesses from all or any part of the requirements contained in the proposed rule.

There is no effect since this rulemaking does not impact small businesses.

Impact on Local Governments

Pursuant to T.C.A. §§ 4-5-220 and 4-5-228 “any rule proposed to be promulgated shall state in a simple declarative sentence, without additional comments on the merits of the policy of the rules or regulation, whether the rule or regulation may have a projected impact on local governments.” (See Public Chapter Number 1070 (<http://state.tn.us/sos/acts/106/pub/pc1070.pdf>) of the 2010 Session of the General Assembly)

The Department does not anticipate an impact on local governments from this rulemaking.

Additional Information Required by Joint Government Operations Committee

All agencies, upon filing a rule, must also submit the following pursuant to T.C.A. § 4-5-226(i)(1).

- (A) A brief summary of the rule and a description of all relevant changes in previous regulations effectuated by such rule;

The rulemaking adds the Walker Machine Products site located at 459 Washington Street, in Collierville, Shelby County, Tennessee to the list of inactive hazardous substance sites. This site was used to produce automated machine screw products, beginning in 1953 until it ceased operations in 2002. Walker Machine Products used chlorinated solvents for cleaning and degreasing their finished products. Soil, surface water, groundwater and air pathway investigations have determined that the site has been contaminated with chlorinated solvents. The groundwater contaminant plume is impacting Collierville's Water Plant #1 located about ½ mile away. The property is currently being used by the Langley Wire Cloth Company, which is not the source of the contamination at the site.

In April of 2014, the EPA added this site to the National Priority List. In order to complete the necessary remedial actions on the site, and meet our statutory obligation to update the state's inactive hazardous substance site list, the rulemaking updates Rule 0400-15-01-.13 List of Inactive Hazardous Substance Sites by adding Walker Machine Products site to the list of inactive hazardous substance sites.

- (B) A citation to and brief description of any federal law or regulation or any state law or regulation mandating promulgation of such rule or establishing guidelines relevant thereto;

Inactive Hazardous Substance Sites are promulgated under the authority of T.C.A. 68-212-206(e) and 68-212-215(e).

- (C) Identification of persons, organizations, corporations or governmental entities most directly affected by this rule, and whether those persons, organizations, corporations or governmental entities urge adoption or rejection of this rule;

This proposed rule adds the Walker Machine Products Site located in Collierville, Tennessee in Shelby County to the List of Inactive Hazardous Substance Sites and there were no comments received during the public comment period.

- (D) Identification of any opinions of the attorney general and reporter or any judicial ruling that directly relates to the rule;

The Department is not aware of any opinions or judicial rulings that directly relate to this rule.

- (E) An estimate of the probable increase or decrease in state and local government revenues and expenditures, if any, resulting from the promulgation of this rule, and assumptions and reasoning upon which the estimate is based. An agency shall not state that the fiscal impact is minimal if the fiscal impact is more than two percent (2%) of the agency's annual budget or five hundred thousand dollars (\$500,000), whichever is less;

Adding this site to the List of Inactive Hazardous Substance sites will allow expenditures from the Hazardous Waste Remedial Action fund for investigation, evaluation and clean-up of the site. All state funds spent for activities at the site will be reimbursed by EPA either fully or up to 90% depending on the activity. Under the authority of T.C.A. § 68-212-207, the Commissioner may recover costs from liable parties, however, in this instance no financially-able liable party is available.

- (F) Identification of the appropriate agency representative or representatives, possessing substantial knowledge and understanding of the rule;

Tim Stewart
Division of Remediation
William R. Snodgrass Tennessee Tower
312 Rosa L. Parks Avenue, 14th Floor
Nashville, Tennessee 37243
