Statement of Necessity:

On December 8, 2014, the Bureau of TennCare submitted to the Centers for Medicare and Medicaid Services (CMS) requests for waivers under Section 1902(e)(14)(A) of the Social Security Act having to do with reverification of eligibility of TennCare and CoverKids enrollees: CMS approved the requests by letter dated October 21, 2015, with an acknowledgement that approval of implementation of a streamlined approach for processing eligibility renewals was necessary to protect enrollees as the State develops new systems for determining eligibility. The streamlined approach specifics of the renewal process have been agreed upon and are incorporated into this rule chapter.

T.C.A. § 4-5-208(4) permits an agency to adopt an emergency rule when it is required by an agency of the federal government and the adoption of the rule through ordinary rulemaking procedure might jeopardize the loss of federal funds.

Based upon the above information, I have made the finding that the emergency adoption of this rule is required in order to achieve immediate implementation.

For a copy of this emergency rule contact: George Woods at the Bureau of TennCare by mail at 310 Great Circle Road, Nashville, Tennessee 37243 or by telephone at (615) 507-6446.

 - (II) The applicant is under age 19, or 21 if a full-time student, and is claimed as a tax dependent by one parent, but his or her parents live together and do not file a joint tax return; or
 - (III) The applicant is under age 19, or 21 if a full-time student, and expects to be claimed as a tax dependent by a non-custodial parent.

2. Non-Filers. Applicants who do not file taxes are subject to the non-filer household composition rules. The non-filer household includes the applicant and if living with the applicant:

- (i) The applicant's spouse;

- (ii) The applicant's natural, adopted and step children under age 19, or 21 if a full-time student;
 - (iii) For applicants under age 19, or 21 if a full-time student, the applicant's natural, adopted or step parent; and
 - (iv) For applicants under age 19, or 21 if a full-time student, the applicant's natural, adoptive and step siblings who are under age 19, or 21 if a full-time student.

1. Annuities – Excluded as a resource if it meets the requirements of 42 U.S.C. § 1396p(c)(1)(G). If the annuity is an excluded resource, payments being received from the annuity may be countable unearned income.  - (i) When the individual is the lender for a contract for deed, the lender may sell or transfer the instrument to have immediate access to the unpaid principal. The value of the resource equity value is a countable asset. Any subsequent payments to the principal made by the debtor after approval are considered a resource because the unpaid loan principal is a resource. The value of the contract may be excluded from the countable resource if the individual can demonstrate that the contract cannot be sold without his realizing a net loss.
 - (ii) If the individual is the borrower, the property agreement is not a resource. However, the property purchased may be a countable resource following the month of transaction.
10. Educational Income – All educational income is excluded as a resource, including Title IV, Bureau of Indian Affairs, Department of Veterans Affairs and work study for post-secondary education.  - (III) The terms of the life estate contract prevent the holder from selling his or her interest in the property.
 - (ii) If the life estate is not excluded based on the criteria above, the entire value of the life estate is a countable asset. The life estate value is determined by multiplying the fair market value of the property by the percentage listed in the "Life Estate Interest Table" for the age of the individual on whose lifetime the life estate is based. If more than one person owns the life estate, the value is based on the owner with the longest life expectancy.
21. Life Insurance – Excluded.

Income received is countable as self-employment income. Livestock that is used as non-business, income-producing property is countable.

 - (i) If oil or mineral rights are producing income under a lease agreement, the owner may be constrained from selling or otherwise disposing of those rights. If the land is already excluded, then oil and mineral rights are also excluded.

 - (iv) Real property necessary for the production of earned income (see Business or Self-Employment); and

The individual must make a bona fide effort to sell the property at its current market value, and repay the State for medical expenses covered by HCFA during the exclusion period with the proceeds of the sale. Exemption of the real property is not to exceed 9 months. Only one parcel of property may be excluded under a Conditional Assistance agreement per period of eligibility.
 - (I) Repayment of medical expenses covered by HCFA may not exceed the total of the net proceeds. Any proceeds remaining after repayment to the State are considered a resource.
 - (II) If the property remains unsold after 9 months, the property is considered inaccessible so long as bona fide efforts to sell the property continue.

Only the portions of expenses that were not previously used to meet spend down can be carried over to the next eligibility determination. If an enrollee loses eligibility at any point, the carryover of unpaid medical expenses ends and the enrollee must meet spend down as if he were a new applicant.

PASS Payments – Funds received by a protective payee (conservator, authorized representative or representative payee) and used for the care and maintenance of a third party beneficiary (adult or child) who may or may not be a member of the protective payee’s household are excluded as income to the protective payee. Any part of the payment that is retained by the protective payee for his or her own use is countable income to the protective payee. Even if the protective payee retains a fee for his or her services, the entire payment issued on behalf of the beneficiary is countable income to the beneficiary.
40. Rental or Lease Income – Countable as earned income when the individual is in the business of renting or leasing property, i.e., self-employment.  51. Tips – Any amount over \$20 per month is countable.
 52. Trusts – Dividends, interest, rents and other income generated by a trust fund, unless otherwise excluded, that can be paid to the beneficiary or to a third party on the beneficiary's behalf are countable income to the beneficiary for the period the fund is intended to cover, beginning the month the funds become available, regardless of whether the income is actually paid out to the beneficiary. When funds are withdrawn irregularly, the payments are countable in the month received.
 - (i) Monies withdrawn from the principal of an accessible (countable) trust fund are excluded as income to the beneficiary, because an accessible trust fund is a countable resource. Money cannot be considered income and a resource in the same month.
 - (ii) Monies disbursed from the principal of an inaccessible trust fund are counted as income

because an inaccessible trust fund is an excluded resource.

- (iii) Monies received by the trustee of a trust and used for the care and maintenance of a third party beneficiary (adult or child) are excluded as income for the trustee.
- 53. Unearned In-Kind Income or In-Kind Support and Maintenance – Unearned In-Kind income in the form of food and/or shelter may be countable or excluded and is subject to certain rules that determine the countable or excluded value.

A&A will be contributed to the cost of care in the nursing home.
 - (vi) If an institutionalized veteran receives the \$90 reduced, improved pension, exclude the \$90 from countable income and the cost of care calculation.

 - 58. Wages – Countable.
 - 59. Worker's Compensation – Excluded.

- (c) Resource Determinations. Resources countable for purposes of individuals described in this paragraph are defined at 20 CFR §§ 416.1201, et seq. Unless otherwise specified below, individuals described in this paragraph are subject to the following resource requirements:
- 1. Annuities.
 - (i) Annuities are countable resources when:
 - (I) The annuity is owned by the individual receiving or applying for TennCare Medicaid or an ABD eligible spouse but the annuity payments are made to someone else;
 - (II) The individual does not own 100% of the annuity (or the individual and his or her spouse do not own 100% of the annuity);

- (III) The annuity is owned by an ABD ineligible spouse or a community spouse;
 - (IV) The annuity is owned by a deemed parent and it is not an employment related annuity; or
 - (V) The annuity does not meet any of the conditions described in subpart (iii) items (I)-(VI) below.
- (ii) If an annuity meeting any of the conditions in subpart (i) is found to be legally inaccessible, it must be reviewed under the transfer of assets policy for individuals applying for long term services and supports.
 - (iii) Annuities owned by the individual or an ABD-eligible spouse are excluded resources if the annuity meets all of the following conditions:
 - (I) The annuity is irrevocable;
 - (II) The annuity is non-assignable;
 - (III) The annuity is annuitized;
 - (IV) The annuity is actuarially sound;
 - (V) The payment contract requires periodic payments of equal amounts;
 - (VI) Periodic payments are provided to the annuitant: and
 - (VII) The individual owns 100% of the annuity, or the individual and his or her ABD eligible spouse together own 100% of the annuity.
2. Business or Self Employment – Excluded as essential for the production of earned income. Resources may include:
- (i) Tools/equipment;
 - (ii) Stock or raw materials;
 - (iii) Personal property essential for income production;
 - (iv) Real property;
 - (v) Office equipment;
 - (vi) Business loans for the purchase of capital assets;
 - (vii) Inventory;
 - (viii) Machinery and equipment;
 - (ix) Business/commercial checking accounts; and
 - (x) Life insurance.

3. Burial Funds.

- (i) Burial funds which are not commingled are excluded resources when:

- (I) The funds are used to purchase a life insurance policy which is then irrevocably assigned to a funeral provider. Either the ownership of the policy or proceeds may be assigned to the funeral provider. The purpose of the assignment is to fund a burial contract.
- (II) The funds are invested in an irrevocable pre-paid or pre-need burial contract established by a funeral provider and the contract meets the following conditions:
 - I. Both the individual and the funeral home representative have signed the document;
 - II. An itemized list of the services provided under the contract is provided;
 - III. The total dollar amount of the agreement is specified;
 - IV. The individual was neither a minor nor legally declared incompetent when the agreement was signed; and
 - V. The agreement specifies in writing that the money is not refundable under any circumstances.
- (III) The funds are invested in a burial trust established by the individual, and the total funds in the trust, including interest payments, do not exceed \$6,000 per individual. Transport costs which cause the trust value to exceed \$6,000 are excluded.

(ii) Burial funds are countable resources when:

- (I) The funds are used to purchase a life insurance policy and a revocable assignment of the policy or proceeds is made to a funeral provider.
- (II) The funds are invested in a revocable pre-paid or pre-need burial contract established by a funeral provider.
- (III) Countable burial funds are eligible to be excluded as part of the individual's burial reserve.

(iii) Burial Reserve – An individual is allowed to set aside \$1,500 in resources to cover expenses connected to his or her burial, cremation or other funeral arrangements. Funds allowed to be excluded as part of the burial reserve include revocable, countable burial funds. These funds must not be commingled with other resources, and must be set aside for burial expenses. The \$1,500 maximum amount of the burial reserve is first reduced by:

- (I) Life insurance, if the total value of all life insurance owned by the individual is \$1,500 or less; and
- (II) Funds in an irrevocable burial agreement or contract.

4. Burial Plots – Exclude the value of one burial space for each family member, e.g. spouse, child, parent, sibling, whether living in the home or not. Burial plots and spaces include a gravesite, crypt, mausoleum, niche or other repository for bodily remains, vaults, headstones, markers, plaques, containers and arrangement for opening and closing the gravesite.

5. Cash – Countable.

6. Certificates of Deposit (CD) – Countable if held in a personal account. The value of a CD is the

net amount that could be received after penalties for early withdrawal, if applicable. Taxes are not deducted in determining net value.

7. Checking Accounts – Personal checking accounts are countable. Some checking accounts that may be excluded include those designated for burial needs, educational income, Individual Development Accounts, PASS, prorated as income, proceeds from the sale of a home, disaster or settlement funds if excluded by policy, and retroactive SSA payments.
8. CCRC Deposit or Fee – The value of an entrance fee paid to a CCRC is a countable resource when it meets the following conditions:
 - (i) The entrance fee can be used to pay for care under the terms of the entrance contract should other resources of the individual be insufficient;
 - (ii) The entrance fee or its remaining portion is refundable when the individual dies or terminates the contract and leaves the CCRC; and
 - (iii) The entrance fee does not confer any ownership interest in the community.
9. Contracts for Deed or Mortgage – The value of a contract for deed or mortgage may be a countable asset dependent on the circumstances of the loan, including the individual's role as lender or borrower and the accessibility of the asset.
 - (i) When the individual is the lender for a contract for deed, the lender may sell or transfer the instrument to have immediate access to the unpaid principal. The value of the resource equity value is a countable asset. Any subsequent payments to the principal made by the debtor after approval are considered a resource because the unpaid loan principal is a resource. The value of the contract may be excluded from the countable resources if the individual can demonstrate that the contract cannot be sold without his realizing a net loss.
 - (ii) If the individual is the borrower the property agreement is not a resource. However, the property purchased may be a countable resource following the month of transaction.
10. Educational Income.
 - (i) Educational income received under Title IV, Bureau of Indian Affairs, or Department of Veterans Affairs programs is excluded as a resource.
 - (ii) Grants other than Title IV or Bureau of Indian Affairs grants, scholarships, fellowships and gifts intended to pay for tuition, fees or educational expenses are excluded for 9 months beginning the month after the funds are received. The individual must be enrolled in school and attending classes to be considered a student.
11. Farm, Business, Other Equipment – The equity value of non-self-employment income-producing real property, other than the homestead, is a countable resource. Exclude up to six thousand dollars (\$6,000) in equity and count only the amount that exceeds the limit, if the net income totals at least six percent (6%) of the equity value. If the property is used for self-employment, it is excluded as Business or Self-Employment.
12. Rental property is countable if the individual who owns the property is not in the business of renting property. Someone who is in the business of renting property is someone who materially participates in the operation and decision making of the rental business for at least 20 hours per week.
13. Homestead Exclusion - The entire value of the home, whether on land or water, all adjoining land not separated by property owned by others and any related outbuildings are excluded in

determining resource eligibility as long as:

- (i) The home is the principal place of residence for the client and/or his spouse and/or dependent relatives; and
 - (ii) If the individual resides in a long-term care facility, his intent to return to the home is established.
 - (iii) For an institutionalized individual, the home is excluded if the above are true and the individual's equity interest does not exceed \$552,000, with one exception: the home equity limit does not apply to an institutionalized individual if the spouse of the individual, the individual's child under age 21, or a blind or permanently and totally disabled child is residing in the home. An institutionalized individual whose home exceeds the \$552,000 limit and who does not have a spouse, a child under age 21 or a disabled or blind child living in the home, is not eligible for payment of long term services and supports, unless it is determined undue hardship exists.
 - (iv) An individual must have lived in the home for it to be considered his or her home or principal place of residence.
 - (v) The value of the home and surrounding land will not be counted as a resource during the individual's absence from an unoccupied home when he or she intends to return to the property. An absence from the home can be necessary to accomplish a specific purpose such as hospitalization, confinement in a nursing home or receipt of services, such as nursing or personal care services not available to the individual in his or her home.
 - (vi) An intent to return home is nullified by any efforts to sell or dispose of the property during the exemption period. The exemption based on the intent to return ends the first day of the month after the month efforts are made to sell or dispose of the homestead property.
 - (vii) Rental of a homestead which has been excluded because of intent to return does not nullify the exclusion. The homestead retains the exclusion as long as there is a clear, non-contradictory intent to return, and no efforts are made to sell or dispose of the property. The rent will be counted as unearned income in the month received.
 - (viii) The exemption based on residence of the enrollee's dependent relative ends the first day of the month after the relative last lived in the homestead, if the relative does not intend to return. Real property located outside of Tennessee can be excluded from countable resources as homestead property, if there is substantiation of the individual's intent to return to the home or the property is the principal residence of the individual's spouse or dependent relatives.
14. Individual Development Account – Funds, including accrued interest, in the account are excluded as a resource as long as the individual complies with the IDA eligibility rules and continues to maintain or make contributions into the account.
15. Income-Producing Resource - Exclude up to \$6,000 of an individual's equity in an income-producing resource if it produces a net annual income to the individual of at least 6 percent (6%) of the property's equity value. If the individual's equity value is greater than \$6,000, the amount that exceeds \$6,000 is countable towards the resource limit.
- (i) If an income-producing resource does not produce a net annual income of at least 6 percent (6%) of the resource's equity value, the entire equity value of the resource is countable.
 - (ii) If the individual owns more than one piece of income-producing resource and each produces income, each is reviewed to determine whether the 6 percent (6%) test is met.

Then the amounts of the individual's equity in all of those properties producing 6 percent (6%) are totaled to determine if the total equity of all properties is \$6,000 or less. If the total equity value in the properties that meet the 6 percent (6%) rule is over the \$6,000 equity limit, the amount exceeding \$6,000 is counted as a resource.

16. Insurance – Exclude Sick and Disability Insurance and Burial Insurance.
17. Items of Unusual Value, Household Goods, and Personal Effects – In general, an item may be considered an item of unusual value if the item is not excluded as a household good or personal effect, and the equity value of the item is greater than \$500. An item of unusual value that generates income for the individual is countable. The countable value is determined by applying the Rate of Return test (see Income-Producing Resource above). A personal item of unusual value is excluded. Household Goods and Personal Effects are also excluded.
18. Life Estates – Property in which an individual holds a life estate is subject to the same exclusion rules as property the individual owns by title, subject to the following exceptions:
 - (i) A life estate will be excluded as the home when the property meets the homestead exemption.
 - (ii) If the property is used in the passive production of income, then the life estate is subject to the Rate of Return test (see, Income-Producing Resource above).
 - (iii) A life estate will be excluded when ownership is necessary for the production of earned income.
 - (iv) The terms of the life estate contract prevent the holder from selling his or her interest in the property.
 - (v) If the life estate is not excluded based on the criteria (i)-(iv) above, the entire value of the life estate is a countable asset. The life estate value is determined by multiplying the Fair Market Value (FMV) of the property by the percentage listed in the SSA's Life Estate and Remainder Interest Tables for the age of the individual on whose lifetime the life estate is based. If more than one person owns the life estate, the value is based on the owner with the longest life expectancy.
 - (vi) When an individual purchases, or, in some other way receives, as compensation in a transaction, a life estate in another individual's home, the purchase of the life estate is considered an asset transfer subject to penalty, unless the individual then lives in the home for a period of at least one year after receiving the life estate.
 - (vii) If the individual does live in the home for a period of one year after receiving or purchasing the life estate, then the amount of the transfer is the entire amount used to purchase the life estate.
 - (viii) If an individual purchases a life estate in another individual's home and then does live there for one year after the purchase, the life estate is an excluded resource while being used as the individual's (or the individual's spouse's) home. However, if payment for a life estate exceeds the FMV of the life estate the difference between the amount paid and the FMV should be treated as an asset transfer. In addition, if an individual makes a gift or transfer of a life estate interest, the value of the life estate should be treated as a transfer of assets.
19. Life Insurance – Countable or excluded based on the type of life insurance owned by the individual and its intended use. Exclude all life insurance if the total face value of all policies does not exceed \$1,500 per owner.

20. Livestock – The value of livestock necessary for business or self-employment, as a tool of the trade, or raised for home/personal consumption is an excluded resource. Income received is countable as self-employment income. The equity value of livestock that are pets is countable. Livestock that is used as non-business income-producing property is countable, and subject to treatment as an Income-Producing Resource as described in this subparagraph.
21. Oil and Mineral Rights – May be included with land ownership or owned separately. If surface rights of the same property are excluded (for example, as a home) so are oil and mineral rights. Oil and mineral rights are countable when owned for personal use, or when the surface rights of the same property are countable (non-homestead, real property).
 - (i) If oil or mineral rights are producing income under a lease agreement, the owner may be constrained from selling or otherwise disposing of those rights. If the land is already excluded, the oil and mineral rights are excluded.
 - (ii) If oil or mineral rights are producing income to the individual, and he or she is not actively engaged in the production of income, the equity value of the rights is subject to the Rate or Return test. See Income-Producing Resource above.
22. Patient Trust Account – The balance of the account at the time of application and redetermination is a countable resource.
23. Personal – Countable unless excluded based on the terms of the asset. A personal resource is typically for the use of the individual and his or her family.
24. Personal Consumption – Exclude up to \$6,000 of the equity value of non-business property currently in use to produce goods or services essential to daily activities. Any portion of the property's equity value in excess of \$6,000 is a countable resource.
25. PASS - Any income an SSI recipient places in an approved PASS account is excluded as a resource. The PASS account itself is also excluded. This exclusion expires when the PASS contract expires or ends, or when the individual is no longer an SSI recipient.
26. Prepayment of Rent – Countable unless the individual cannot receive the money back under any circumstances (i.e., the lease agreement includes a no refund policy, or the landlord provides a statement that the funds will not be returned to the renter). Prepayment of an applicant's mortgage is not considered a resource.
27. Prepayment of Nursing Home Care – Prepayment for care deposited by an applicant upon his admission to a TennCare Medicaid-participating long-term care facility is a countable resource for the individual who is subsequently approved for TennCare Medicaid benefits if the deposit was paid from the individual's own funds.
28. Proceeds from the Sale of a Home - Excluded to the extent that the funds are intended to be used to purchase another home subject to the homestead exclusion, and the funds are used for such a purpose within three (3) months of the date of receipt of the proceeds.
29. Promissory Notes and other Loans – A promissory note or other loan given by the household is considered personal property and is countable, unless the note/loan balance is inaccessible or the promissory note is held for reasons other than personal use. The lender holds legal interest and has the legal ability to make available his or her share in the note or loan. The equity value of the note/loan is countable.
 - (i) If a household makes a loan that is considered inaccessible, or is shown to have a significantly lower market value than the unpaid balance of the loan, the loan will be considered to be an uncompensated transfer of assets. The uncompensated asset transfer will be considered to be the outstanding balance due on the loan as of the date

- of the lender's application for long term services and supports (nursing facility or HCBS services).
- (ii) In addition, the Deficit Reduction Act of 2005 (DRA) provides that funds used to purchase a promissory note, loan or mortgage must meet the following criteria, or else the purchase will be treated as a transfer of assets for less than FMV:
 - (I) The repayment term must be actuarially sound (as determined by SSA standards);
 - (II) Payments must be made in equal amounts during the term of the loan with no deferral payment and no balloon payments; and
 - (III) The promissory note, loan or mortgage must prohibit the cancellation of the balance upon the death of the lender.
 - (iii) If the above criteria are not met, the purchase of the promissory note or loan must be treated as a transfer of assets. The amount used to calculate a penalty will be the outstanding balance of the loan due as of the date of application for TennCare Medicaid.
 - (iv) Promissory notes that are made for purposes other than personal use are treated according to their use. Promissory notes may be made for the following purposes:
 - (I) Burial;
 - (II) Business or Self-Employment; and
 - (III) Proceeds from the Sale of a Home.
30. Property that represents government authority to engage in an income-producing activity – Excluded if the property is used in trade, business or non-business income-producing activity. Exclude property that is currently not in use due to circumstances beyond the individual's control and there is a reasonable expectation that the use will resume.
31. Prorated as Income – Excluded.
32. Real Property – The equity value in all real property the individual owns individually or jointly is a countable asset with the following exceptions:
- (i) Property excluded as homestead;
 - (ii) The inaccessible equity value of real property;
 - (iii) Equity value of income-producing property (subject to the Rate of Return test);
 - (iv) Real property necessary for the production of earned income (see Business or Self-Employment); and
 - (v) Property excluded under a Conditional Assistance agreement between the individual and the State.
33. Retirement Accounts and Pension Plans – If retirement benefits are being received out of such accounts, the principal is not considered a resource. If payments are not being received and the account is accessible, then the equity value is countable. The equity value is the cash surrender value minus any early withdrawal penalty.
- (i) Funds held in a 401(k) retirement account are countable when the individual or his or her spouse is no longer job-attached because the funds are accessible after employment

terminates. If the individual is still job-attached, the value of the 401(k) is excluded. A 401(k) retirement account owned by a deemed spouse or a deemed parent is excluded as a resource.

- (ii) Funds held in an IRA are considered accessible to the individual or community spouse. Count the equity value of an accessible IRA when determining eligibility. IRA funds owned by a community spouse are also considered countable and accessible when determining a CSRMA. IRA funds owned by a deemed spouse (for non-institutional categories) or deemed parent are excluded from the resource determination.
 - (iii) Keogh plans are considered accessible and counted as resources to the individual or community spouse even if the household is not actually accessing the funds. Keogh funds are countable resources in determining the CSRMA. Keogh plans owned by a deemed spouse (non-institutional Medicaid) or deemed parent are excluded as resources.
34. Savings Accounts – Countable if it is characterized by personal use. If the current month's income has been deposited into the account it must be excluded when determining the current value of the account. A savings account may be excluded if it is used for one of the following purposes:
- (i) Burial funds;
 - (ii) Business or Self-Employment;
 - (iii) Educational Income;
 - (iv) Individual Development Account;
 - (v) PASS;
 - (vi) Proceeds from the Sale of a Home (subject to time limits);
 - (vii) Prorated as income; .
 - (viii) Settlement or Disaster Payment, if excluded by policy; and
 - (ix) SSI/SSA Retroactive Payment (subject to time limits).
35. Settlement or Disaster Payment - Payments or benefits provided under certain Federal statutes are excluded, if payments are not commingled with other funds. Excluded settlement and/or disaster payments include:
- (i) Agent Orange Settlement Payments;
 - (ii) Disaster Relief Assistance received under the Disaster Relief Act of 1974;
 - (iii) Distribution of perpetual judgment funds to Indian tribes under the following:
 - (I) Indian Judgment Funds Distribution (P.L. 93-134);
 - (II) Black Feet and Gros Ventre Tribes (P.L. 92-254);
 - (III) Grand River Band of Ottawa Indians in Indian Claims Commission Docket No. 40-K;
 - (IV) Tribes of groups under PL 93-134;

- (V) Yakima Indian Nation or the Apache Tribe of the Mescalero Reservation (PL 94-433); and
 - (VI) Receipts from land held in trust by the Federal government and distributed to certain Indian tribes under PL 94-114.
- (iv) Factor VIII or IX Concentrate Blood Products Litigation. The settlement payments made to hemophilia patients infected with HIV through blood plasma products as a result of the class action lawsuit;
 - (v) Filipino Veterans Compensation Fund Payments. Lump sum payments made to certain veterans and spouses of veterans who served in the military of the Government of the Commonwealth of the Philippines during WWII;
 - (vi) Japanese-American and Aleutian Restitution Payments;
 - (vii) Payments made to individuals because of their status as victims of Nazi persecutions;
 - (viii) Payments to children born of Vietnam veterans diagnosed with spina bifida;
 - (ix) Payments made under the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (State and local payments are only excluded for 9 months);
 - (x) Revenues from the Alaska Native Fund paid under section 21(a) of the Alaska Native Claims Settlement Act; and
 - (xi) State funds paid to crime victims (excluded for 9 months).
36. SSI/SSA Retroactive Payment – Excluded for nine months after the payment is received and counted after that nine month exclusion period.
37. Stocks/Bonds/Mutual Funds– Countable. Although personal mutual funds are countable, those held for purposes listed below are subject to different treatment:
- (i) Burial;
 - (ii) Business or Self-Employment;
 - (iii) Educational Income;
 - (iv) Proceeds from the Sale of a Home;
 - (v) Prorated as Income; or
 - (vi) Settlement or Disaster Payment, if excluded by policy.
38. Tools of the Trade – Excluded.
39. Trusts – Countable or excluded based on the nature of the trust, the date the trust was created, the source of funds used to create the trust, plus other factors.
40. Vehicles – One car, truck, motorcycle, camper, motor home, aircraft, snowmobile, watercraft, boat, or all-terrain vehicle is excluded regardless of its value if it is used for transportation of the individual or a member of his or her household. If an applicant owns more than one vehicle, the equity value of that second vehicle is countable when it is owned by the applicant or a deemed filing unit member, and it cannot be excluded under another provision. Boats, motorcycles,

snowmobiles, jet skis, ATVs, and aircraft are generally considered recreational vehicles. The equity value of these recreational vehicles is a countable resource unless it can be excluded under other provisions.

- (d) Conditional Assistance. Real and personal property, which is not exempt under another resource provision, is exempt as a resource if the individual enters into a Conditional Assistance agreement with the State. The individual must make a bona fide effort to sell the property at its current market value, and repay the State for medical expenses covered by HCFA during the period of conditional assistance.
1. The exclusion period for real property is not to exceed 9 months. The exclusion period for personal property is not to exceed 3 months, however a 3 month extension may be granted if the individual is able to show a good cause for failure to dispose of the property. Property that remains unsold at the end of the exclusion period will be considered inaccessible so long as the individual continues the bona fide effort to sell.
 2. Repayment of medical expenses covered by HCFA during the period of conditional assistance may not exceed the total net proceeds of the sale. Any proceeds remaining after the repayment of medical expenses is paid are considered a resource.
- (e) Disregards and Expenses Allowed. Unless otherwise specified in Subparagraph (f) below, individuals described in Subparagraph (a) are subject to the following expense requirements.
1. Court Ordered Child Support Payments – Exclude amount actually paid up to the full court-ordered obligation. A child support disregard will not be allowed for the same individual for whom a CSIMA or DIMA is allowed in an Institutionalized Medicaid budget.
 2. Legally Obligated Alimony Payments – Alimony is an expense to the payer of the alimony and is allowed when alimony is paid during the month of application. The payments must be in cash, including checks and money orders, to be considered alimony. The following payments are not alimony: child support, noncash property settlements, and payments to keep up the payer's property. Alimony expenses do not include voluntary payments.
 3. General Income Disregard – A \$20 monthly General Income Disregard is allowed per household, and is applied to unearned income. If any of the \$20 disregard is not offset by unearned income, the remainder is applied to the spouse's unearned income and then to the applicant or enrollee's earned income.
 4. Child Support Disregard – If the applicant receives child support payments (current only), exclude up to \$50 per month of child support payments received if the family also receives TANF benefits.
 5. Earned Income Disregard – The first \$65 of the earned income of each aged, blind or disabled individual is disregarded.
 6. Blind and Disability Related Work Expenses:
 - (i) The gross countable earned income of each blind or disabled individual (not living in a medical institution) may be reduced by the amount of expenses attributable to earning the income. The allowable Blind Work Expenses (BWE) and allowable Disability Related Work Expenses (DRWE) are not the same. BWE and DRWE apply only to earned income. In order to deduct either BWE or DRWE, the individual must be:
 - (I) Blind, blind and disabled, or disabled; and under age 65, or
 - (II) Age 65 and older; and received SSI payments due to blindness or disability the month before attaining age 65.

- (ii) These expenses do not apply to the Institutionalized Medicaid categories. Work expenses must not be payable or reimbursable by a third party, such as Medicaid, Medicare or other insurance.
7. One-Half Disregard – If an individual's gross earned income, less any of the following disregards: General Income Disregard (\$20) remainder, Earned Income Disregard (\$65), Disabled Work Expense and Impairment-Related Work Expenses (IRWE), is greater than \$0, disregard one-half (1/2) of the remainder.
 8. Student Earned Income Exclusion (SEIE) – Applies to the earnings of an individual who is under age 22 and regularly attending school. The exclusion may apply to an eligible or ineligible individual, child, spouse, or parent(s). The SEIE monthly amount is determined by the SSA. The SEIE does not apply to children attending elementary school.
- (f) Household Composition Rules – Household composition for the ABD categories is governed by the FRR principle. Financial responsibility is limited to spouse to spouse and parent to child. Household composition not only determines which income standard to use, but also how FRR income is "deemed" or available, and the amount of income "deemed" or available to an individual. See 20 CFR §§ 1160, et seq.
1. The following individuals must be included in the applicant's household, if living in the same household:
 - (i) The applicant's spouse;
 - (ii) The applicant's children under 18 years of age or under 22 years of age if a student;
 - (iii) The applicant's parents, for children under 18 years of age or under 22 years of age if a student; and
 - (iv) The applicant's siblings that are under 18 years of age or under 22 years of age if a student.
 2. Step-children are included in the household when they live in the home and their natural parent is the spouse of the applicant and living in the home. Step-parents are included when they live in the home with the applicant and natural or adopted parent, and are married to the natural or adopted parent. Step-siblings are included when their natural or adopted parent lives in the home and is considered the applicant's step-parent.
 3. Financial eligibility is determined based on a household size of one or two. Included household members are the applicant and if applicable, his or her spouse. If there are additional household members, they will be considered in deeming budgets, if appropriate.
 4. Parent-to-child deeming applies when a blind or disabled child is living with his parent(s), and a portion of the parent's income and resources may be deemed available to the child and counted as unearned income to the child in determining his TennCare Medicaid eligibility. The parent receives income disregards and allocations in order to meet his own needs and the needs of other children that live in the household. Child and parental allocations are deducted from the parent's income before any income is deemed to the applicant/enrollee. Parental deeming applies to the following TennCare Medicaid categories:
 - (i) Medicare Savings Program (QMB, SLMB, QI1 and QDWI);
 - (ii) Pickle Passalong Aged and Blind/Disabled.
 - (iii) Institutional Medicaid Aged and Blind/Disabled.

5. The countable income and resources of an applicant/enrollee's TennCare Medicaid-ineligible spouse living in the home may be deemed available to the applicant/enrollee. Spousal deeming only applies when the spouses share a living arrangement, i.e., live in the community or home together. Spousal deeming applies to the following TennCare Medicaid Categories:
 - (i) Medicare Savings Program (QMB, SLMB, QI, and QDWI); and
 - (ii) Pickle Passalong Aged and Blind/Disabled.
 6. The countable income and resources of a long-term services and supports applicant/enrollee's TennCare Medicaid-ineligible spouse living in the home is made available to the applicant/enrollee under the Spousal Impoverishment rules.
- (g) Qualifying Income Trusts (QIT) for Institutional Applicants.
1. Individuals who are receiving or will receive nursing facility services or home and community based services (HCBS) offered either through the CHOICES Program or through a Section 1915(c) HCBS waiver program and whose income exceeds the Medicaid Income Cap (MIC) may establish a qualified income trust. Funds placed in a QIT that meets the standards set forth below are not treated as available resources or income for purposes of determining the individual's TennCare eligibility.
 2. A QIT is a trust consisting only of the individual's pension income, Social Security Income, and other monthly income that is created for the purpose of establishing income eligibility for TennCare coverage when an individual is or soon will be confined to a nursing facility, HCBS or ICF/IID waiver program offered either through the CHOICES Program or through a Section 1915(c) HCBS waiver program.
 3. An individual is eligible to establish a QIT if his or her income is above the level at which he or she would be financially eligible for nursing facility, HCBS offered either through the CHOICES Program or through a Section 1915(c) HCBS waiver program, or ICF/IID care under Medicaid.
 4. The amount of income that an applicant/recipient places in a QIT cannot be limited nor can it be counted when testing income against the MIC. However, it is used in determining patient liability during post-eligibility treatment of income. If the applicant/recipient's income that is not placed in a QIT is over the MIC, the individual is not financially eligible for the Institutional category.
 5. A valid QIT must meet the following criteria:
 - (i) The trust must be irrevocable and cannot be modified or amended in whole or in part by the Grantor at any time. However, the Trustee or a court of competent jurisdiction shall have the right and jurisdiction to modify any provision of the trust to the extent necessary to maintain the eligibility of the Grantor for medical assistance.
 - (ii) Each month the trustee shall distribute the entire amount of income transferred into the Trust except for an amount not to exceed \$20 for expenses of the Trust.
 - (iii) The sole beneficiaries of the Trust are the individual for whose benefit the Trust is established and the State of Tennessee. The Trust terminates upon the death of the individual, or when the Trust is no longer required to establish TennCare Medicaid eligibility in the State of Tennessee, or if nursing facility care or HCBS is no longer medically necessary for the individual, or if the individual is no longer receiving such services.
 - (iv) The Trust must provide that upon the death of the individual or termination of the Trust,

whichever occurs sooner, the State of Tennessee shall receive all amounts remaining in the Trust up to the total amount of medical assistance paid by the State on behalf of the individual.

- (v) Amounts remaining in the Trust that are owed to the State must be paid to HCFA within three months after the death of the individual or termination of the Trust, whichever is sooner, along with an accounting of the payments from the Trust. HCFA may grant an extension if a written request is submitted within two months of the termination of the Trust.
- (vi) This Part applies to an income trust established on or after July 1, 2005, and under the hardship provision in Section 1613 (e) of the Social Security Act (42 U.S.C. § 1382b(e)). Hardship may be considered to exist when the institutionalized individual or his or her spouse would have resources in excess of the resource limit, is otherwise eligible, and for whom TennCare Medicaid ineligibility would result in loss of essential nursing care which is not available.
- (vii) Allowable payments from the Trust include:
 - (I) Personal Needs Allowance (PNA) – The amount the individual is allowed to retain for his or her personal needs under TennCare Medicaid policies. As of January 1, 2005, this amount is \$50 for confinement in a nursing facility or ICF/IID and 300% of the SSI/FBR for HCBS enrollees and Self-Determination Waiver; and 200% of the SSI/FBR for the Arlington and Statewide Waivers.
 - (II) A deduction of up to \$20 for expenses necessary for managing the trust (i.e. bank charges).
 - (III) CSIMA or DIMA, if applicable.
 - (IV) Health Insurance Premiums – Allowed when the individual has health insurance other than TennCare Medicaid (for example, Medicare premium or a Medicare supplement policy).
 - (V) Item D deductions – Payment for types of medical or remedial care recognized under State law, but not covered as medical assistance under TennCare Medicaid.
- (viii) Any countable income not placed in the QIT and any Trust income remaining after allowable deductions are made shall be paid monthly to the nursing facility, HCBS provider, or MCO by the individual or from the Trust in an amount not to exceed the Medicaid reimbursement rate. Any excess income not distributed from the Trust shall accumulate in the Trust monthly.
- (ix) No other deductions or expenses may be paid from the Trust. Expenses which cannot be paid from the Trust except as specifically provided herein include, but are not limited to, trustee fees, attorney fees and costs (including attorney fees and costs incurred in establishing the trust), accountant fees, court fees and costs, fees for guardians ad litem, funeral expenses, past due medical bills and other debts.

(h) Annuities

1. General Rule. Annuities may be counted as a resource or as unearned income, depending on the circumstances of the annuity. If an annuity is determined to be a countable resource, then any payments from the annuity will be excluded as unearned income. If an annuity is an excluded resource, the annuity payments received will be counted as unearned income.
2. Disclosure. Disclosure of annuities is required for all applicants pursuant to 42 U.S.C. §

1396p(e).

- (i) If an individual or his or her spouse refuses to disclose information related to an annuity, the individual will be denied Medicaid eligibility based on the individual's failure to cooperate.
 - (ii) Annuities owned or purchased by individuals applying for long term services and supports are subject to additional requirements. The Deficit Reduction Act of 2005 (DRA) provides that any individual applying for LTSS must:
 - (I) Disclose any interest that he or she or his or her spouse has in an annuity;
 - (II) Name the State of Tennessee as the primary remainder beneficiary on all annuities; and
 - (III) Demonstrate that the purchase or conversion of any annuity which is an excluded resource was not a transfer of assets for less than fair market value (FMV).
3. Value of an Annuity. The value of an annuity is determined by multiplying the total annual payments by the period of the annuity remaining on the date for which value is being determined. If the period of the annuity is based on an annuitant's lifetime, the annual payments are multiplied by the annuitant's life expectancy, see SSA's Period Life Table. If the annuity is a "period certain" annuity, then annual payments are multiplied by the annuitant's life expectancy or the period certain, whichever is less. A letter from the annuity company stating that the annuity has no value is simply a statement of the company's contractual obligations regarding cash value and is irrelevant to the true market value of the annuity. The calculated value of an annuity may be rebutted by providing verified purchase offers from sources in the legitimate business of buying annuities.
4. Treatment as a Resource.
- (i) An annuity is exempt as a resource if it meets the requirements of 42 U.S.C. § 1396p(c)(1)(G).
 - (ii) An annuity is countable as a resource when:
 - (I) The annuity is owned by the individual receiving or applying for TennCare Medicaid or an ABD-eligible spouse, but the annuity payments are made to someone else;
 - (II) The individual does not own 100% of the annuity (or the individual and his spouse do not own 100% of the annuity);
 - (III) The annuity is owned by an ABD ineligible spouse or a community spouse;
 - (IV) The annuity is owned by a deemed parent and it is not an employment related annuity; or
 - (V) The annuity does not meet any of the conditions described in Subpart (iv) below.
 - (iii) If an annuity meeting any of the above conditions is found to be legally inaccessible, it must be reviewed under the transfer of asset policy for individuals applying for long term services and supports.
 - (iv) An annuity owned by the individual or an ABD-eligible spouse is excluded as a resource if the individual alone or the individual and his ABD-eligible spouse together own 100% of the annuity and the annuity meets all of the following conditions:

- (I) The annuity is irrevocable;
 - (II) The annuity is non-assignable;
 - (III) The annuity is annuitized;
 - (IV) The annuity is actuarially sound; and
 - (V) The payment contract requires period payments of equal amounts.
5. Treatment of Annuities Under Transfer of Assets Requirements. The Deficit Reduction Act provides that individuals applying for Institutionalized Medicaid must also comply with additional requirements related to annuities that are purchased on or after February 8, 2006. In addition, certain transactions, referred to as conversions, made to annuities purchased prior to February 8, 2006, will make the annuity subject to the DRA provisions. These transactions include additions of principal, elective withdrawals, requests to change the distribution of the annuity and elections to annuitize the contract. Routine changes, change of address or notification of death or divorce of a remainder beneficiary, made to annuities purchased prior to February 8, 2006, do not subject the annuity to the DRA provisions.
- (i) Disclosure of Interest in an Annuity.
 - (I) Individuals applying for long term services and supports must disclose information regarding any interest that the individual or his spouse may have in an annuity. This disclosure requirement applies regardless of whether the annuity is counted as a resource.
 - (II) If an individual or his spouse refuses to disclose information related to an annuity, the individual will be denied Medicaid eligibility based on the individual's failure to cooperate.
 - (ii) Requirement to name the State as the Remainder Beneficiary.
 - (I) Annuities purchased or converted by the individual or his spouse on or after February 8, 2006, must be changed prior to TennCare Medicaid approval or redetermination to name the State of Tennessee as the remainder beneficiary of the annuity, in the following order:
 - I. Community spouse.
 - II. A minor child.
 - III. A blind or disabled adult child.
 - IV. State of Tennessee.
 - (II) No individual or entity other than those listed in Item (I) may be named as a beneficiary in a position superior to the State. A community spouse cannot name the institutionalized spouse as a remainder beneficiary of the annuity in a position superior to that of the State.
 - (III) As a remainder beneficiary, the State may receive up to the total amount of medical assistance paid on behalf of the individual, including both long term services and supports and home and community based services. The State must notify the issuer of the State's right as the preferred remainder beneficiary and the issuer must notify the State if there are any changes in the amount of income or principal being withdrawn.
 - (IV) An annuity may be amended to meet these criteria, so that the annuity purchase will not be treated as a transfer of assets for less than FMV.

- (V) The purchase of an annuity is subject to the transfer of assets provision unless it meets the requirements of 42 U.S.C. § 1396(c)(1)(F).
- (VI) The purchase of an annuity on or after February 8, 2006, by or on behalf of an annuitant who has applied for long term services and supports shall be treated as a transfer of assets for less than FMV unless the annuity is determined to be a countable resource, or, if it is excluded, it meets the criteria below. This only applies to annuities for which the individual is the annuitant (not the spouse).
- (VII) The annuity will not be treated as a transfer of assets if the annuity meets any of the following conditions:
 - I. The annuity is considered either:
 - A. An individual retirement annuity (Section 408(b) of the Internal Revenue Code of 1986 (IRC), 26 U.S.C. § 408(b)), or
 - B. A deemed Individual Retirement Account (IRA) under a qualified employer plan (Section 408(q) of the IRC 26 U.S.C. § 408(q)); or
 - II. The annuity is purchased with proceeds from one of the following:
 - A. A traditional IRA, Section 408a of the IRC (26 U.S.C. § 408(a));
 - B. Certain accounts or trusts which are treated as traditional IRAs, Section 408(c) of the IRC (26 U.S.C. § 408(c));
 - C. A simplified retirement account, Section 408(p) of the IRC (26 U.S.C. § 408(p));
 - D. A simplified employee pension, Section 408(k) of the IRC (26 U.S.C. § 408(k)); or
 - E. A Roth IRA, Section 408A of the IRC (26 U.S.C. § 408(a)); or
 - III. The annuity meets all of the following requirements:
 - A. The annuity is irrevocable;
 - B. The annuity is non-assignable;
 - C. The annuity is actuarially sound;
 - D. The annuity provides payments in approximately equal amounts, with no deferred or balloon payments; and
 - E. Periodic payments are provided to the annuitant.

Receipt of hospice services in a nursing facility for any length of time meets the 30-day continuous confinement requirement.
 - (d) Household size is based upon the Aged, Blind, and Disabled household composition rules at 1200-13-20-.06.
 - (e) Income Limitations: Income shall not exceed three hundred percent (300%) of the SSI Federal Benefit Rate for an individual.

 - (h) Special Asset Rules:
 - 1. Asset Disregards for Qualified Long-Term Care Insurance Policies.
 - (i) Individuals who purchase a qualified long term care insurance policy may have certain assets disregarded in the determination of eligibility for TennCare. TennCare shall disregard an individual's assets up to the amount of payments made by the individual's qualifying long-term care insurance policy for services covered under the policy at the

time of TennCare application.

- (ii) The amount of the individual's assets properly disregarded under these provisions shall continue to be disregarded through the lifetime of the individual.
 - (iii) Assets which were disregarded for purposes of Medicaid eligibility determination during the person's lifetime are also protected from estate recovery. When the amount of assets disregarded during the person's lifetime was less than total benefits paid by the qualified long term care insurance policy, additional assets may be protected in the estate recovery process up to the amount of payments made by the individual's qualifying long term care policy for services covered under the policy. If no assets were disregarded during the person's lifetime, the personal representative may designate assets to protect from estate recovery up to the lesser of the two options specified above, even if a qualified long term care policy's benefits were not completely exhausted.
2. Entrance Fees: Any contractual provision requiring the resident to deposit entrance fees must take into account the required allocation of resources or income to the community spouse before determining the resident's cost of care. In addition the entrance fee paid to the Continuing Care Retirement Community (CCRC) or life care community is treated as a resource to an individual for purposes of determining Medicaid eligibility. The following three (3) conditions must be met in order for the entrance fee to be considered an available resource:
- (i) Any portion of the entrance fee is refunded or used to pay for care under the terms of the entrance contract should other resources of the individual be insufficient;
 - (ii) The entrance fee, or any portion thereof, is refundable under the terms of the contract when the individual dies or terminates the contract and leaves the CCRC or life care community, whether or not any amount is actually refunded; and
 - (iii) The entrance fee does not confer an ownership interest in the community.
3. Funds used to purchase a loan, mortgage or promissory note after February 8, 2006 must be treated as a transfer of assets unless it has a repayment term that is actuarially sound, provides for payments to be made in equal amounts during the term of the loan with no deferral or balloon payment, and prohibits cancellation of the balance upon the death of the lender. If an individual purchases a home from a nursing home applicant and the purchase agreement does not meet the criteria of this part, the value of the home will be the outstanding balance due as of the date of the application for Medicaid.
4. A life estate interest purchased by a nursing home applicant in another individual's home shall be treated as a transfer of assets unless the nursing home applicant resides in the home for a period of at least one (1) year after the date of the purchase.
- (i) Transfer of Assets – An applicant for Institutional Medicaid shall not transfer assets for less than fair market value during the sixty (60) months prior to the date of application. If an individual is found to have transferred an asset for less than fair market value, he will be ineligible for payments for Long-Term Services and Supports.
1. An individual shall not receive a period of ineligibility to the extent that:
- (i) The asset transferred was a home and title to the home was transferred to:
 - (I) The spouse of the individual;
 - (II) A child of the individual who is younger than age 21 or blind and permanently and totally disabled;

- (III) A sibling of the individual who has an equity interest in the home and who was residing in the individual's home for a period of at least one year immediately before the date the individual becomes an institutionalized individual; or
 - (IV) A son or daughter of the individual who was residing in the individual's home for a period of at least two years immediately before the date the individual becomes an institutionalized individual.
- (ii) The assets:
 - (I) Were transferred to the individual's spouse or to another for the sole benefit of the individual's spouse;
 - (II) Were transferred from the individual's spouse to another for the sole benefit of the individual's spouse;
 - (III) Were transferred to, or to a trust established solely for the benefit of, the individual's blind or permanently disabled child; or
 - (IV) Were transferred to a trust established pursuant to 42 U.S.C. § 1396p(d)(4).
 - (iii) A satisfactory showing is made that:
 - (I) The individual intended to dispose of the assets either at fair market value, or for other valuable consideration;
 - (II) The assets were transferred exclusively for a purpose other than to qualify for medical assistance;
 - (III) All assets transferred for less than fair market value have been returned to the individual; or
 - (IV) The denial of eligibility for Long-Term Services and Supports would work an undue hardship on the individual as defined in this rule.
2. The transfers indicated below, if occurring on or after February 8, 2006, may be considered a transfer of assets for less than fair market value with respect to an individual applying for Medicaid based on institutionalization:
- (i) If the transfer of assets occurs within sixty (60) months of application for institutional care.
 - (ii) If the institutionalized individual, his spouse, or any person, court or administrative body with authority to act on behalf of, or at the direction or request of, the individual or his spouse, establishes a trust or similar device, which includes the individual's assets and cannot be used by or for the individual's benefit, if it occurred within sixty (60) months of application for institutional care.
 - (iii) If an asset is held jointly by the institutionalized individual with another person and the individual or other owner reduces or eliminates the institutionalized individual's ownership or control of the asset, if it occurred within sixty (60) months of application for institutional care.
- (j) Penalty for transfer of assets.
 - 1. The institutionalized individual may be subject to penalty if the transfer was completed by the individual; the individual's spouse; a person (including a court) or administrative body with legal authority to act in place of, or on behalf of, or at the direction or request of the institutionalized

individual or his spouse.

2. Assets include all income and resources, including the home, unless transferred as indicated in subparagraph (i) above, of the institutionalized individual and his spouse, (including income and/or resources the individual is entitled to, but does not receive because of any action by the individual or his spouse or a person (including a court) or administrative body with legal authority to represent the individual, his spouse, or who acts at the direction or request of the individual and his spouse).
3. Penalty period: The period of ineligibility for payments for long-term services and supports in the CHOICES Program imposed for transfers of assets within sixty (60) months prior to application for long term care nursing services.
 - (i) Determined by dividing the uncompensated value of the transferred asset by the average daily nursing home private pay rate. In determining the penalty for a transfer a State may not round down or disregard any fractional period of ineligibility. There is no limit on the maximum months of ineligibility. The penalty continues until expired unless hardship is considered to exist.
 - (ii) The penalty period for individuals receiving nursing home care begins the month the individual becomes eligible for LTSS through the CHOICES Program or the month of the transfer, whichever is later. The penalty period for HCBS begins the date of application or the date of the transfer for individuals already receiving HCBS. The penalty period runs consecutively even if the individual leaves the nursing home for a period of time and later returns. If a penalty period is imposed for new applicants, Medicaid requires a notice of penalty. If a penalty period is imposed on an individual who is already receiving Medicaid, a ten (10) day adverse action notice is required.
 - (iii) Applicants for, or enrollees in, nursing home coverage can still remain eligible in an Institutional Medicaid category while payments for LTSS are withheld. Applicants for, or enrollees in, home and community-based services cannot be eligible for an Institutional Medicaid category while subject to the period of ineligibility.
 - (iv) Penalty periods for more than one transferred asset will run consecutively, not concurrently. Any uncompensated value from multiple transfers is added to the initial uncompensated value if penalty periods overlap to determine the consecutive penalty period.

(k) Undue hardship.

1. Undue Hardship shall exist only when:
 - (i) An application of a transfer of assets provision would deprive the individual of medical care, such that the individual's health or life would be endangered, or of food, clothing, shelter, or other necessities of life;
 - (ii) The institutionalized individual has no available resources (other than the uncompensated value) in excess of the resource limitations, and
 - (iii) The necessary care is not available from any other source.
2. The individual, the individual's responsible party, or the facility in which an institutionalized individual resides may file an undue hardship claim on behalf of the applicant/recipient. TennCare will determine whether hardship exists and notify the applicant/recipient within thirty (30) days of filing.
3. If undue hardship is determined not to exist, the denial of undue hardship may be appealed

within forty (40) days.

- (l) Patient Liability - Individuals determined eligible for Institutional Medicaid are required to contribute to the cost of their care as a resident in a nursing facility or as a Home and Community Based Services (HCBS) recipient.
 - 1. Patient liability is determined by allowing the following deductions from the individual's gross income:
 - (i) A Personal Needs Allowance (PNA) for clothing and other personal needs while receiving Institutional Medicaid. Apply the appropriate PNA based on the type of long term services and supports the individual receives, in accordance with the following:
 - (I) Nursing Facility. \$50 PNA from the gross income of an individual in nursing facility.
 - (II) HCBS, PACE and Self-Determination ID Waivers. PNA is 300% of the SSI FBR.
 - (III) Statewide ID and Comprehensive Aggregate Cap ID Waivers. PNA is 200% of the SSI FBR.
 - (ii) An allowance equivalent to the monthly fee for maintenance of a QIT, if applicable.
 - (iii) A CSIMA for institutionalized individuals with a spouse residing in the community.
 - (iv) A DIMA for institutionalized individuals with a dependent residing in the community.
 - (v) Health insurance premiums, coinsurance and deductibles.
 - (vi) Expenses for medical services as defined at 42 CFR §§ 435.725(c)(4) and 726(c)(4).
 - 2. Community Spouse Income Maintenance Allowance (CSIMA) – When determining an institutionalized individual's patient liability, an allowance is deducted from his or her income for the needs of the community spouse. The CSIMA is allowed unless specifically refused by the institutionalized spouse. Funds must actually be transferred to the community spouse in order to be deducted.
 - (i) CSIMA is allowed under the following conditions:
 - (I) CSIMA is not allowed if both spouses are receiving Institutional Medicaid, unless one spouse is receiving HCBS.
 - (II) If the community spouse applies for TennCare Medicaid, the CSIMA will be counted as unearned income at the time of application.
 - (III) A community spouse receiving need-based assistance does not have to accept the total or any of the income allocation if it will result in the termination or decrease of those benefits.
 - (IV) If a couple is married but living separately, and considers themselves to be separated, the CSIMA may be allowed if both individuals agree to the allocation and the community spouse is not institutionalized.
 - (V) If the community spouse lives out of State, the CSIMA is allowed if the community spouse can be located and the couple is still married.
 - (ii) CSIMA Terms and Standards:

- (I) Standard Maintenance Amount (SMA): The minimum monthly amount of income, as determined by CMS, that the Community Spouse must receive to meet basic needs. This is subject to annual change by CMS and released with SSI and Spousal Impoverishment Standards.
 - (II) Maximum Maintenance Needs Allowance (MMNA): The maximum monthly amount of income, as determined by CMS, that the Community Spouse can receive as a CSIMA. This is subject to annual change by CMS and released with SSI and Spousal Impoverishment Standards.
 - (III) Standard Utility Amount (SUA): The SUA is used when the community spouse is responsible for heating and/or cooling costs. If the SUA is used, then it is considered to cover all utilities, including garbage, water, lighting, etc. The SUA is subject to annual change by the Tennessee Department of Human Services.
 - (IV) Standard Housing Allowance (SHA): The SHA is used to determine whether the community spouse requires an Excess Shelter Allowance. This is subject to annual change by CMS and released with SSI and Spousal Impoverishment Standards.
- (iii) CSIMA Calculation: The CSIMA is calculated using three steps:
- (I) Determine Excess Shelter Allowance (ESA).
 - I. An ESA is allowed when the total shelter costs for rent, mortgage, taxes and insurance, maintenance charges and utility costs exceed the SHA. The SHA is 30% of the Standard Maintenance Amount.
 - II. The SUA is used when the community spouse is responsible for heating or cooling costs. If the SUA is used then it is considered to cover all utilities (no additional allowance for garbage, telephone, etc.). When there is no or reduced cost to the community spouse because the cost of a particular utility is paid by a third party (in cash or in-kind), reduce the amount of the SUA by the third party payment.
 - III. To determine the ESA, add rent, mortgages, taxes, insurance, etc., to the SUA, then subtract the SHA.
 - (II) Determine Community Spouse Net Income. Defined as income over which the Community Spouse has control and which is actually available to him. Child support payments and other types of court-ordered payments made by the Community Spouse are not considered income available to the Community Spouse.
 - (III) Calculate CSIMA: The CSIMA is calculated by adding the SMA and the ESA, and then subtracting the Community Spouse's net income.
3. Dependent Income Maintenance Allowance (DIMA): When determining patient liability, an allowance is deducted from the individual's income for the needs of his dependents.
- (i) Dependent relatives include all persons who can be or are being claimed as tax dependents.
 - (ii) A DIMA is not allowed for any dependent receiving HCBS or who is institutionalized.
 - (iii) Pursuant to the Medicare Catastrophic Coverage Act, a dependent does not have the option of declining all or a portion of the income allocation for any reason, even if needs-based benefits may be decreased or lost because of the allocation.

- (iv) The total of both the CSIMA and DIMA combined cannot exceed the MMNA.
 - (v) The MMNA for each additional dependent family member is equal to one-third of the difference between the SMA and the dependent's gross income.
 - (vi) DIMA Calculation: The dependent allocation(s) equals the SMA for the community spouse minus the dependent's own gross countable income divided by 3.
4. Item D Expenses: Expenses for medical or remedial care not subject to third party payment as defined at 42 CFR §§ 435.725(c)(4), .726(c)(4) and .832, and outlined in the State Plan are allowable deductions. Criteria for Deduction of an Item D Expense:
- (i) The expense must not be subject to payment by a third party not expecting reimbursement, e.g., medical or health insurance, the client's spouse or family or medical trust fund, Medicare, etc.
 - (ii) The expense may be unpaid or paid by the client during the month(s) of eligibility determination or paid by a member of the client's family and reimbursement is expected by the family member.
 - (iii) The expense must not have been allowed previously as an allowed necessary item.
 - (iv) If payment for the item is outstanding, it must be considered collectible by the party who provided the medical service and one for which the client is legally liable.
 - (v) Medical expenses incurred during TennCare Medicaid ineligibility do not impact whether the bill is an allowable medical expense.
 - (vi) Deductions will be allowed in accordance with 42 CFR §§ 435.725(c)(4), .726(c)(4), and .832, and the State Plan.

(m) Resource Assessment and CSRMA.

1. Resource Assessment: When determining eligibility for a married institutionalized applicant, a calculated amount of the couple's assets is allocated to the community spouse in order to be used for his/her own needs. The resource assessment is a snapshot of all countable assets owned by the couple at the time the individual enters the nursing facility but conducted when the individual applies or when an assessment is requested prior to application. All of the countable resources owned individually or jointly by both spouses are counted; resources excluded under the ABD resource rules are not counted in the resource assessment.
 - (i) Only one resource assessment will be completed for a married couple.
 - (ii) Under no circumstances can a resource assessment be completed prior to the date of admission to a long term care facility or enrollment in an HCBS waiver.
 - (iii) An assessment remains in effect until a HCFA application is filed, regardless of any interruptions in long-term care. If a resource assessment is completed and the individual applies for TennCare Medicaid, but is found ineligible, the original resource assessment is still valid if the individual applies again in the future.
2. Community Spouse Resource Maintenance Allowance: The CSRMA is based on the spouses' combined countable resources documented in the Resource Assessment. The amount of the CSMRA is the greater of:
 - (i) One-half (1/2) of the total countable resources, but not less than the Minimum Resource

Standard or greater than the Maximum Resource Standard (released in the SSI and Spousal Impoverishment Standards and subject to change annually);

- (ii) The court-ordered amount; or
 - (iii) The amount determined by a HCFA Eligibility Appeals Administrative Judge due to a hardship situation (extreme financial duress).
3. When an application is filed by or on behalf of the spouse seeking LTSS, the CSRMA amount determined in the resource assessment is the amount allocated to the community spouse. This amount is deducted from the combined resources of both spouses as of the first day of the first month for which assistance is requested. None of the community spouse's share of the resources is considered available to the individual seeking eligibility when determining his or her TennCare Medicaid eligibility.
4. Refusal of CSRMA. - A community spouse who receives needs-based assistance may accept or decline all, some or none of the CSRMA if the allocation would cause the loss of or decrease in those program benefits. If the community spouse accepts only a portion of the CSRMA, the unclaimed portion of the CSRMA is counted as part of the institutionalized spouse's resources.
5. Resource Transfer as a Result of Assessment.
- (i) CSRMA "Grace Period" - Following a resource assessment and initial approval of eligibility, resources must be transferred within twelve (12) months of the approval. Both spouses must agree to the transfer in order to use the institutionalized spouse's share in determining his or her eligibility. The transfer may require conveyance of resources from the institutionalized individual to the community spouse, or vice versa.
 - (ii) Transfer Refusal - When the community spouse refuses to transfer resources to the institutionalized individual, the institutionalized spouse may still be eligible if on appeal the State finds that undue hardship circumstances exist.
 - (I) If the community spouse has available assets over the CSRMA he or she is legally obligated to provide support.
 - (II) Hardship cannot be determined to exist unless assets have been reallocated as the result of an appeal decision or a court order.
 - (iii) CSRMA Appeals.
 - (I) When the Individual and/or Spouse Has Appeal Rights - Appeal rights are considered only after a HCFA application has been filed and either spouse alleges that the assessment or eligibility determination decision is not correct. An assessment completed exclusive of a filed application cannot be appealed. Revisions to the spousal allowance of resources can be made by an HCFA Eligibility Appeals Administrative Judge or by court order.
 - (II) CSRMA Revisions - The amount of the CSRMA may only be revised by an HCFA Eligibility Appeals Administrative Judge or by court order, and only if additional verification/documentation is provided. The CSRMA may only be revised when:
 - I. The initial assessment was alleged to be incorrect and the HCFA Eligibility Appeals Administrative Judge confirms the allegations.
 - II. The community spouse's income, including the CSIMA, is inadequate to meet the basic standard maintenance amount.

(III) Allocation of Additional Resources to the Community Spouse.

- I. When Additional Resources May be Allocated to Community Spouse: An HCFA Eligibility Appeals Administrative Judge may determine a larger CSRMA if necessary to offset a CSIMA that is below the required SMA. In the event that the institutionalized spouse does not have enough income to provide the community spouse with the SMA, and the couple has additional resources above the community spouse's protected amount (CSRMA), some or all of the institutionalized individual's resources can be allocated to the community spouse.
- II. The Deficit Reduction Act (DRA) of 2005 requires all States to allocate the maximum amount of available income of the institutionalized spouse to the community spouse before granting an increase in the CSRMA. This is referred to as the "income-first" method.
- III. Procedure: HCFA uses the Single Fixed Annuity model to address appeals when there is insufficient income to provide the community spouse with the minimum required CSIMA and the couple has additional resources. A single fixed annuity can turn a portion of an individual's savings into income payments made for the rest of the individual's life. The procedure for establishing a Single Fixed Annuity is listed below.
 - A. Additional resources may be allocated to the community spouse through the HCFA eligibility appeals process to make up any shortfall between the amount of income allocated from the institutional spouse to the community spouse and the SMA, if determined appropriate.
 - B. The amount of additional resources that are necessary to cover the income shortfall shall be determined in reference to the purchase of a Single Premium Annuity as follows:
 - (A) By calculating the shortfall between the amount of income allocated and the SMA, and then determining the amount of additional resources that must be invested in a single premium annuity in order to generate the income necessary to cover the shortfall.
 - (B) The amount of resources needed to cover the shortfall shall be determined in reference to an annuity calculator as adopted by the HCFA.
 - (C) The additional resource allocation to the community spouse does not require the actual purchase of a Single Premium Annuity that is used for purposes of calculating the amount of the additional resource allocation.
 - (D) The amount of the community spouse's protected resources shall be excluded from this calculation.
 - (E) If a single premium annuity is actually purchased pursuant to these rules, the annuity must comply with all other relevant requirements of State and federal law.
 - (F) The amount of additional resources that are necessary to cover the shortfall in the SMA shall not be determined in reference to any investment which contemplates the return of the entire

principal at maturity.

(iv) Transfer of Assets for Less than Fair Market Value.

- (I) A transfer of assets for less than fair market value is not considered to have occurred when resources are transferred from the institutionalized individual to the community spouse or vice versa in accordance with a completed resource assessment.
- (II) Should the spouse who received the allocation in accordance with the resource assessment then transfer the resource to someone else for less than fair market value, the transfer will be treated as a transfer of assets by the institutionalized individual.
- (III) Transfer of assets for less than fair market value is considered part of the application process whether or not a resource assessment has been requested previously or is requested at application. Transfer of assets is not considered if a resource assessment only (no TennCare Medicaid application filed concurrently) is requested.

1200-13-20-.09 Redetermination and Termination.

- (1) Redetermination of eligibility for CoverKids, TennCare Medicaid's Core Medicaid Population, and TennCare Standard.
 - (a) Redetermination or renewal is the process of verifying whether an enrollee continues to meet the eligibility requirements of a particular HCFA program.
 1. A TennCare Medicaid, TennCare Standard or CoverKids enrollee must have eligibility redetermined once every 12 months, and no more frequently than once every 12 months, absent a waiver from CMS.
 2. Redetermination dates are set 12 months from the date the individual is determined eligible for TennCare Medicaid, TennCare Standard or CoverKids, or as otherwise agreed between the Single State Agency and CMS.
 - (b) Enrollees eligible for TennCare Medicaid as a result of being eligible for SSI benefits shall follow the Redetermination requirements of the SSA. Once SSI benefits are terminated, these enrollees will be reviewed by the State for eligibility in all other categories prior to termination.
 - (c) An enrollee's TennCare Medicaid, TennCare Standard or CoverKids eligibility shall be redetermined as required by the appropriate category of medical assistance as described in this chapter, unless otherwise agreed to by the Single State Agency and CMS. Prior to the termination of TennCare Medicaid, TennCare Standard or CoverKids eligibility, eligibility will be redetermined in accordance with the following process:
 1. HCFA will redetermine eligibility prior to the expiration of the enrollee's current eligibility period.
 2. HCFA will issue a renewal packet to redetermine eligibility. TennCare Medicaid, TennCare Standard or CoverKids enrollees will be given forty (40) days, inclusive of mail time, from the date the notice is mailed to return the completed renewal packet to HCFA. The mail date will be the date on the notice. The enrollee may provide information by mail, fax or in-person.
 3. Enrollees with a physical health problem, mental health problem, learning problem or a disability will be given the opportunity to request assistance in responding to the renewal form. Enrollees with limited English proficiency will have the opportunity to request translation assistance for responding to the renewal form.
 4. HCFA will use the individual's responses in the renewal packet to complete redetermination. HCFA will request additional verification, as needed, to complete redetermination. The request for additional information or verification will provide the enrollee with twenty (20) days, inclusive of mail time, to submit the requested information.
 5. If HCFA is able to renew eligibility in a TennCare Medicaid, TennCare Standard or CoverKids category based on information provided in the renewal packet, in addition to information known to HCFA and requested verifications, the agency will notify the enrollee and enroll him in the new appropriate category.
 6. Enrollees who respond to the renewal form within the forty (40) day period shall retain their eligibility (subject to any changes in covered services generally applicable to enrollees in their Medicaid category) while HCFA reviews their eligibility for open Medicaid categories and

CoverKids. If HCFA determines that the enrollee is eligible for a TennCare Medicaid, TennCare Standard or CoverKids category, the agency will notify the individual as follows:

- (i) If HCFA determines that the enrollee is eligible for an open TennCare Medicaid category, the agency will notify the enrollee and he will be enrolled in the appropriate category. The previous category will be closed with no further notice to the enrollee.
 - (ii) If HCFA determines that the enrollee is eligible for a TennCare Standard category, the agency will notify the enrollee and he will be enrolled in the appropriate category. Notification of enrollment into TennCare Standard will include notification of the denial of TennCare Medicaid eligibility.
 - (iii) If HCFA determines that the enrollee is eligible for CoverKids, the agency will notify the enrollee and he will be enrolled into the CoverKids program. Notification of enrollment into CoverKids will include the denial of TennCare Medicaid eligibility.
7. If an enrollee provides some but not all of the necessary information to HCFA to determine his eligibility for open Medicaid categories or CoverKids during the forty (40) day period following the mailing of the renewal packet, HCFA will request additional information or verification. The request for additional information or verification will provide the enrollee with twenty (20) days, inclusive of mail time, to submit the requested information.
 8. Enrollees who do not respond to the renewal packet within forty (40) days, or enrollees who do not respond to a request for additional information or verification within twenty (20) days from the request for additional information or verification, will be sent a notice of termination informing the enrollee that coverage will be terminated 20 days from the date of the termination notice.
 9. If HCFA makes a determination that the enrollee is not eligible for any open Medicaid categories, TennCare Standard or CoverKids, the enrollee will be sent a notice of termination informing the enrollee that coverage will be terminated 20 days from the date of the termination notice.
 10. Enrollees who respond to the additional information or verification request after the requisite time period specified in those notices but before the date of termination shall retain their eligibility for TennCare Medicaid, TennCare Standard or CoverKids while HCFA reviews their eligibility.
 11. Individuals may provide the renewal packet, or additional information and verifications specified in the request for additional information and verification notice, up to 90 days after termination of eligibility. Renewal packets or additional information and verification received during the 90 day reconsideration period will be processed as required by 42 CFR § 435.916. Individuals terminated for failure to respond and subsequently determined eligible during the 90 day reconsideration period will have eligibility reinstated as of the date of termination.
 12. Renewal packets returned after 90 days will be considered new applications and processed in accordance with 1200-13-20-.05.
- (d) A woman who has been determined eligible for TennCare Medicaid under the rules for BCCP shall annually recertify her eligibility in terms of continuation of active treatment, her address, and access to health insurance. If she is found to no longer be eligible through this review, the enrollee will be reviewed using the redetermination process set forth in this paragraph.
- (2) Termination of TennCare Medicaid, TennCare Standard and CoverKids eligibility.
 - (a) HCFA will send termination notices to all enrollees being terminated pursuant to State and federal law who are not determined to be eligible for open Medicaid or TennCare Standard categories, or

CoverKids.

- (b) Termination notices will be sent twenty (20) days in advance of the date the coverage will be terminated. Termination notices will be sent two (2) days in advance of the date coverage will be prospectively terminated when an enrollee requests termination. Termination notices will be sent to the HCFA address of record.
- (c) Termination notices will provide enrollees forty (40) days from the date of the notice to appeal the termination and will inform enrollees how they may request a hearing. Appeals will be processed by HCFA in accordance with chapter 1200-13-19.
- (d) Enrollees with a physical health problem, mental health problem, learning problem or a disability will be given the opportunity to request additional assistance for their appeal. Enrollees with limited English proficiency will have the opportunity to request translation assistance for their appeal.
