To Be Released

Capt Hotchkiss
Commander &c

We the citizens of Obion County feel we are trespassing on your official duties by again Petitioning you in behalf the Prisoners, Williams, Moffatt & Pettitte, who have been sent to St. Louis, and we regret their conduct required such arrest but hoping you may consider they have now been confined Long Enough to atone for their imprudence.

Therefore we wish to secure your recommendation for their release which we think and believe would have a considerable influence in their discharge inasmuch as they were sent from your office

You will please pardon us for this renewal of our supplications in behalf of the Prisoners who we learn have all been in bad health since their Confinement. Perhaps it would be useless for us to aver they have never been guilty of overt acts in the Rebellion in our opinions, and Mr O D Reeder the bearer of

this Petitioner, is in reality a citizen of Cincinnati Ohio, but was in our County on business when the unfortunate difficulties commenced and has steadily stood aloof from the Rebellion and we believe he is entitled to all confidence as to his Honesty and veracity in any Statement he may make concerning the affair. and in conclusion we will comply with the obligation set forth in our former Petition and we will ever remain yours &c

Colonel B G Farrar Provost Marshall
General,

Colonel,

I am a citizen of Troy Obion County, Tenn, was arrested in my work shop in Troy on the 5th inst and taken to Hickman Ky & from there to this place. I am accused of aiding & abetting the rebellion. I have had no trial to show how matters stand, but am anxious to have one soon. I have never been in arms against the U S in any way whatever, nor been concerned in the rebellion. I am a poor mechanic - have a large family & have to make their bread by the sweat of my brow. They are now doubtless suffering because of my absence. I want to take the oath of allegiance - give bond and be permitted to stay at home & mind my family. I hope you will let me do so, if not for my own sake, for the sake of my helpless family. Respectfully your petitioner
