Mr Gage Treasury agent has possession of a Corps Goods belonging to Mr Dwyer My Purveyor some of them bought for me and also some as I am told for Army use and Attendus for this Head Quarters

I have respected the order of the General Commdg that they be allowed delivery I am not aware that there is any pretence that Mr Dwyer has practices or attendus any stores and more than this as these goods are brought here by permission from Dept Hd Quarters I deny the right of the Treasury agents to seize or detain them without Military permission

I understand the papers have been sent before General I send some of the articles myself

Respectfully
