Major Bigney "Dist Pro Mar"

Sir

From information received I learn that a Mrs. Fitzgerald living in South Nashville is constantly smuggling goods through the lines. her residence is close to the Rail Road, on Cherry Street. Sometimes she obtains a Hand car, and runs it out on the road with her goods on the car. and, very often goes through the Pickets with her goods. Whiskey is the main article taken out. She will take it out for anybody that she can trust, especially her old friends, and, aquaintences.

From the same informant he states that "one Andrew Johnson (Confederate Soldier) comes in, and goes out of the city on his Father's James Johnson's Pass, the said Andrew Johnson has not taken the Oath of allegeiance". he lives 4 miles out, Mill Creek pike. Yours respectfully

Wm. J. McBride
