**BOARD OF EXAMINERS FOR ARCHITECTS AND
ENGINEERS
1924-1974**

RECORD GROUP 165

Processed by:
Ken Fieth
Archives and Manuscripts Unit
Technical Services Section
Date Completed: March 22, 1991

SCOPE AND CONTENT NOTE

Record Group 165, State Board of Architectural and Engineering Examiners, spans the period, 1925-1974. The board was established in 1921 and is responsible for the registration of architects and engineers whose practice involves the safety and health of the general public.

Persons of firms who wish to practice architecture or engineering in the State of Tennessee must submit an application to the board outlining qualifications and experience. The board will then vote on the application after reviewing the evidence submitted as proof of competence. If an application is approved, the applicant will receive a certificate that must be renewed at regular intervals.

This record group contains the minutes of the board, correspondence relating to the creation and interpretation of the Public Act establishing the board and correspondence and other records relating to the graduates of architectural and engineering schools in Tennessee.
