SCOPE AND CONTENT

This series of topographic maps were indexed to show property ownership in West and Middle Tennessee. The property line maps are on a small scale of 1 inch equal 2,000 feet. The actual coverage, county by county, is indicated on the maps listed with this register. The map is reproduced from the maps found on the first few frames of reel 1.

To say that reel 1 is an index is imprecise. It is a key to the maps that are in the reels from roll 1 forward. For example, the reels start with the map designated as S-1 which includes part of Shelby and Tipton Counties. The last map is T-124 which includes Meigs, Roane, Loudon, Monroe, McMinn and Rhea Counties. Most of the counties were mapped between 1939 and 1941 except for Meigs County which was done in 1961.

Each listing within a county is numerical by property number within the quadrangle and is followed by an alphabetical listing of the owner of the property. The list also has the address, civic district and number of acres.

The records were compiled by AAA photos and from records loaned by the County Agricultural Agent. The maps were prepared in cooperation with a WPA project.

Roll 1	Index & S-1 thru S-25
Roll 2	S-25 thru S-45
Roll 3	S-45 thru T-13
Roll 4	T-14 thru T-58
Roll 5	T-59 thru T-100
Roll 6	TVA quad. Maps S-1 thru T-124
